OFFICE OF THE DEWAN OF MYSORE.
Bangalore, 13th April 1893.

From

The Chief Secretary to the Dewan of Mysore.

To

The Registrar of the Chief Court of Mysore.

SIR,

With reference to your letter No. 5552—155, dated the 29th October last, soliciting orders of Government as to whether Distress warrants issued by the Courts in the Civil and Military Station can be executed in Mysore or not, I am to observe that complete reciprocity exists between the Civil and Military Station of Bangalore, and the rest of the Mysore State, as regards the execution of all criminal processes by virtue of the arrangement existing between the Darbar and the British Government since the Rendition of 1881, and that there is no reason to think that the Distress warrants in question are other than "Criminal Processes."

I have the honor to be,
SIR,
Your most obedient Servant,
T. ANANDA ROW,
Chief Secretary.

No. 17078-86.
J. F. 158-92.

OFFICE OF THE DEWAN OF MYSORE.
Bangalore, 13th April 1893.

Copies of the above are forwarded to the Inspector General of Police in Mysore and Deputy Commissioners of Districts for information and guidance.

By Order,
T. ANANDA ROW,
Chief Secretary.

PART 1.

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 1st April 1893.

READ:—

Correspondence ending with letter No. 922, dated 5th January 1893, from the Deputy Commissioner, Mysore District, relating to the levy of water-rate on certain lands in the Inam village of Turkarhundi in Tirumakudlu-Narsipur Taluk, of which the following is an abstract:—

Chinnanappaiengar, Inamdar of Turkarhundi village, petitioned to Tirumakudlu-Narsipur Taluk Cutcherry on the 17th July 1888 that he presented a petition to the Channel Superintendent in 1868 about the water-supply to his lands in the above village from Rajaparameswari Channel to which he received a reply from the Channel Daroga stating that orders had been issued to the Manegar to supply water. He again presented a petition to the Taluk Cutcherry in 1884 when he received an endorsement to the effect that in the reply received from the Sub-Division Officer, Mandya, on the subject, it was mentioned that water could easily be supplied if the land was brought up to the level of the channel. Although the petitioner had been paying irrigation cess on 12 khandis of land and brought it to the level of the channel as directed, still no water was supplied; on the contrary all the sluices had been closed. Orders should therefore be issued for the proper supply of water.

2. Thereupon some correspondence ensued between the Amildar and Channel Supervisor in course of which the Shekdar stated that for the last five years the petitioner had cultivated about 5 khandis of land with wet crops, while in 1888-89 he had only cultivated C. 3 K. 13 M. 2¾ wet; the Sub-Overseer on the other hand stated that in 1888-89, the petitioner had cultivated one khandi of wet land extra without permission.

3. On receipt of the Sub-Overseer's report, the Supervisor wrote to the Amildar stating that unless the petitioner consented to pay water-rate for the excess land, water would not be supplied to him, and that he should be punished for having unauthorizedly cultivated the extra land.

4. In reply to the above, the Amildar stated that the petitioner was entitled to water for C. 11 and K. 16 of land which was the recorded extent and for which he had been paying irrigation cess for the last 25 years at the rate of 8 annas per khandi and that under such circumstances there was no reason to suppose that the small area of 3 and odd khandis cultivated by petitioner was extra land.

5. The Superviser referred the whole correspondence to the Executive Engineer, Mysore Division, who wrote to the Amildar stating that if, as was apparent from the Supervisor's report, the Inam land in question had not been cultivated with wet crops, until within the preceding year, it was a fault on the part of the petitioner to have attempted to do so in the current year; that it was a matter of surprise to the Executive Engineer that the Amildar should have made a reference on the subject, instead of personally enquiring into the matter and punishing the delinquent and that the Amildar should at least enquire into the matter now. The Executive Engineer further stated that unless the Inamdar paid water-cess at the rate of 4 rupees per acre for the extent not hitherto under wet cultivation, water would not be supplied for the same and that he should be informed of it.

6. The Amildar retransmitted the papers for the Executive Engineer's reconsideration and in reply stated that as what little the petitioner had cultivated was comprised within the area entered in accounts as wet, *viz.*, C. 11 K. 16 upon which he had been paying irrigation cess, and as the petitioner had never exceeded the recorded extent, it was not fair to punish him. He also stated that it was open to objection to say that water would not be supplied to the Inamdar simply because he had not cultivated the land for a few years for some reason or other.

7. The Executive Engineer then asked the Amildar to inform him for how many years the land had not been cultivated.

8. About this time, *i. e.*, on the 12th July 1890, Rangaiengar, son of Chinnanappaiengar, petitioned the Deputy Commissioner stating that his father is the Sarvamanyamdar of Turkarhundi village, that in the sannad granted by His Highness the late Maharaja an extent of 18¾ khandis of wet land is entered, which was all under wet cultivation formerly, that of late, excluding Kolli Korakalu, a net area of C. 11 K. 16 of land was being cultivated with wet crops, upon which petitioner has been paying irrigation cess of Rs. 5—14—4 up to this time; that for the last 5 years water was not supplied to his lands properly and consequently the crops failed; that the Overseer has removed all the sluices and given him only a pipe of 3 inches which does not convey sufficient water and that therefore the Deputy Commissioner will be pleased to inspect the spot and order the Overseer to give proper sluices to his lands.

9. The petition was referred to Amildar for disposal and if necessary for report after examining into the truth of petitioner's complaint.

10. The Amildar reported that the petitioner was the Sarvamanyamdar of Turkarhandi village, and that the petitioner and his sharers were jointly paying irrigation cess upon C. 11 and K. 16 of land. It had been ascertained from enquiry that the Channel Department did not supply water to the whole of the recorded extent of land. About 5 khandis of land were under wet cultivation and the rest was under dry crop. According to Dewan's Proceedings No. 1100-9—39, dated 12th May 1885, Inamdars were liable to pay water-rate at 4 rupees per acre only for such lands as were converted from dry into wet and the proceedings did not appear to him to apply to lands already entered in accounts as wet, but which were not cultivated with wet crop for some years for some reason or other. The Supervisor, however, held that water should not be taken for this kind of land unless water cess at 4 rupees per acre was paid and that whoever took water without permission should be punished. The reply given to the Supervisor was embodied in the file. The Amildar further stated that he had learnt from enquiry that the pipe of 3 inches now fixed was small to supply water to 11 odd khandis of wet land. The Amildar in conclusion stated that the other Inamdars in the Taluk were taking water and cultivating the recorded extent of their wet lands without paying any water-rate.

11. The Deputy Commissioner forwarded the whole correspondence to the Executive Engineer, Mysore Division, enquiring if it was true that the petitioner's land for which he had been paying irrigation cess was in want of water, and requesting either to kindly supply sufficient water or inform the Deputy Commissioner as to how much land water could not be given in sufficient quantity for cultivation so that the water-rate (Irrigation Cess) might be cancelled for the area not supplied.

12. The Executive Engineer in reply said that the lands in question were situated at the extreme end of the channel and measured about 30 acres, of which only 4 acres were irrigated heretofore as the Channel was not capable of supplying water to a larger extent, but as the channel had since been improved at a cost of Rs. 15,628, it could now irrigate the whole of the Inam lands, that the Inamdar should, however, not be allowed to use water except for the 4 acres cultivated with wet crops before, unless he paid the irrigation cess of Rs. 4 per acre or bore the proportionate charge of improvements which would come to Rs. 2,170, and that the rate of 4 annas an acre now paid by the Inamdar was only a nominal water-cess.

13. The Deputy Commissioner again wrote to the Executive Engineer stating that according to Government Proceedings, an Inamdar was liable to pay water-cess at the rate of Rs. 4 for every acre of dry crop land converted into wet and enquired under what authority he could be made liable for the proportionate cost of the channel improvements, pointing out at the same time that in the present case the Inamdar only required water for lands measuring C. 11 K. 16 already entered in account as wet and upon which irrigation cess was being paid. The Deputy Commissioner also requested to be informed whether there was any precedent for levying enhanced "water-rate" in cases like the one in question.

14. The Executive Engineer in reply states that he is not aware of any precedent, but that he is under the impression that the trifling "water-cess" of 8 annas per khandi now paid is only intended to cover the cost of annual repairs of irrigation works and not of improvements and that he thinks that whenever an irrigation work is improved and rendered capable of irrigating more lands, the Inamdars owning them should either pay the usual water-cess of Rs. 4 per acre, or bear the proportionate cost of improvement.

15. In submitting the foregoing precis for orders, the Deputy Commissioner reported in his letter No. 1219 of the 10th January 1891 that the channel having been recently improved, the Inamdar could bring all the land (11 and odd khandis) entered in the accounts as wet, under wet cultivation, while before the improvement to the channel he has been able to irrigate only 2 to 5 khandis. The Deputy Commissioner also stated that the Executive Engineer was not in favor of supplying the Inam lands with water for the whole extent unless the Inamdar paid Rs. 4 per acre and the proportionate cost of the improvement, *viz.*, Rs. 2,170—0—0, but that the Inamdar having always paid the irrigation cess at ½ rupee per khandi on the 11 and odd khandis, he (the Deputy Commissioner) saw no reason why the Inamdar should be made to pay Rs. 4 per acre. The Deputy Commissioner, however, suggested the levy of a contribution of Rs. 300—0—0 at Rs. 15 per acre instead of Rs. 2,170—0—0 demanded by the Executive Engineer.

16. Thereupon in docket No. 12169—705, dated 3rd February 1891, information on the following points was called for :—

I. Area irrigated in the village during the past 12 years with water from the Government channel.

II. Is it by *improvement* or *extension* of channel that the additional area in the village has become irrigable ?

III. Is any contribution in addition to the water-rate of Rs. 4 per acre levied in the case of any kandayam lands which may have been converted from dry into wet with the aid of water of the improved channel?

17. The Deputy Commissioner in his letter No. 922, dated 5th January 1893, says that no information is available on the 1st point; that as regards the 2nd, the additional area has become irrigable by improvement of the channel; and that (III) no contribution is levied except the water-rate of Rs. 4 per acre in the case of kandayam dry land newly converted into wet.

18. The questions for consideration in this case are—

1. Whether the Inamdar is liable to pay water-rate at Rs. 4 per acre on the additional area of wet land now irrigated by the improved channel; and

2. Whether any contribution should be recovered from him (the proportionate cost of the improvement of the channel being Rs. 2,170 as stated by the Executive Engineer, and Rs. 15 per acre (or in all Rs. 300), being the amount recommended by the Deputy Commissioner).

19. As regards the 1st question, para 7 of Government Proceedings No. 1100-9—39, dated 12th May 1885, as subsequently affirmed in Proceedings No. 5029—239, dated 4th December 1887, lays down that "any excess of irrigation over and above the amount *allowed by* "*the sannad* should be charged for with the water-rate," and the Executive Engineer seems to demand the water-rate under para 2 of the same Proceedings which runs thus:—

"Regarding works that have come into existence in whole or in part after the *date of the* "*grant* and supplying new irrigation, full water-rate should be charged without any further "enquiry."

No. 16512-21—R. 2029, DATED, BANGALORE, 1ST APRIL 1893.

ORDER THEREON.—The Inamdar is not liable to pay any water-rate in respect of lands which, at the time of the grant of the Inam, were actually wet and irrigated from the same source as now. The correspondence shows a confusion in the minds of some local officers between "Water-rate" and "Irrigation Cess." A "Water-rate" is a levy of the nature of a land assessment, and the wet assessment may be regarded as composed of the ordinary dry assessment plus a water-rate for irrigation supplied from a particular existing source. If the grant of the Inam alienated the wet assessment on certain lands under a particular source of irrigation and the same lands are now reasonably identifiable, the mere fact that the same source of irrigation has recently been repaired by the State cannot give the Government the right to levy a "water-rate" from such lands, for such a levy would amount to a resumption of part of the originally alienated Revenue. The Inamdar of course cannot claim exemption from water-rate in respect of lands newly converted into "wet" or old wet lands brought under a *new* source of irrigation established by Government.

2. If the old source of irrigation had fallen into disuse and consequently the Inamdar's wet lands under it could not be and had not been all irrigated and if the work is now repaired by Government, the Inamdar must, under existing rules, pay a share of the cost of such repair, proportionate to the extent of the benefit accruing to him thereby. Rs. 2,170 is calculated by the Executive Engineer as the Inamdar's share of the cost in the present case, but the Rs. 300—0—0 assessed by the Deputy Commissioner may be levied from him and the balance remitted.

3. The Deputy Commissioner should first satisfy himself that the Inamdar is entitled to exemption from water-rate under the principles above stated and then grant him such exemption. Should after enquiry any doubts arise in the matter, the case should again be submitted for orders with a full report.

READ :—

Excise Commissioner's letter No. 4471—274, dated 18th February 1893, reporting with reference to Government Proceedings No. 10091-2—1193, dated 17th December 189 upon the results of the working of the Temporary Detective Staff of the Excise Department from July 1892 to the end of January 1893.

No. 16339-40—R. F. 117-92, DATED, BANGALORE, 1ST APRIL 1893.

ORDER THEREON.—In the letter read above, the Excise Commissioner report that he placed the whole of the Detective Staff in the Kadur and Shimoga District with a view to supress illicit distillation which is extensively carried on there b the Lambanis, and that up to the end of January 1893 the total number of case of illicit distillation detected and prosecuted to conviction was 24 involving 4 persons, the amount of fines inflicted on them being Rs. 791—0—0.

2. The Excise Commissioner also states that the Detective Staff is required not only for preventing and detecting illicit distillation and importation of contraband liquor, but also for the efficient supervision of Depôts and Shops, the existing general staff being insufficient for the requirements of the Arrack, Ganja and Opium branches of the Excise Department.

3. Under the above circumstances, Government are pleased to sanction the further retention of the Detective Establishment for a period of one year ending with 30th June 1894. Definite proposals for placing it on a permanent footing are awaited.

No. 16492-500—R. 2022, DATED, BANGALORE, 3RD APRIL 1893.

ORDER THEREON.—The Deputy Commissioner is quite competent to give unassessed waste lands for garden cultivation under Appendix I of the Revenue Rules, if there are natural facilities such as running springs to make garden cultivation possible. Para 2 of the Government Proceedings, dated 4th June 1892, No. 4049-57—Cir. 65, is quite clear on the point, though the wording of Para 3 is not strictly accurate. Para 3 was only intended to convey that the Rules are applicable only to unoccupied garden lands and unassessed waste lands possessing natural advantages. Where the lands are assessed at dry rates by the Survey Department, they should always be granted at dry rates only, subject of course to water-rate, if Government water is used.

No. 16445-52—R. F. 2-92, DATED, BANGALORE, 5TH APRIL 1893.

ORDER THEREON.—In the Proceedings of July 1892 read above, the date fixed for the submission of Return No. 19 of estimated Jamabandi is 1st April. This date is hereby altered to 1st February, on which day the Deputy Commissioners will without fail submit the return in question.

2. The Government notice with regret the delay in most Districts in the completion of the Jamabandi operations. The extension of the Khistbandi is of course not intended to delay the holding of the Jamabandi which is best held in the cold season when travelling is so much more convenient. The Jamabandi should begin immediately after the Dasara holidays, and completed with the expedition consistent with efficiency. Every Deputy Commissioner should forward, during the Dasara holidays, a programme showing the proposed distribution of the forthcoming Jamabandi work between himself and his Assistants.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 7th April 1893.

READ :—

The following Demand, Collection and Balance statements of the Hassan District for the month of February 1893.

1. Statement No. 2, Sayer Collections.
2. Statement No. 4, Land Revenue.
3. Statement No. 5, Casual Land Revenue.
4. Statement No. 9, Miscellaneous Collections.

No. 16501—R. 2023, DATED, BANGALORE, 7TH APRIL 1893.

ORDER THEREON.—*Statement No.* 2.—The net amount of collection for the whole District was Rs. 399—3—11 against Rs. 336—5—9 in the corresponding month of last year showing a small increase of Rs. 62—14—2. This calls for no special remark.

2. *Statements Nos.* 4 *and* 5.—The opening balance, demand, collection and the closing balance when compared with those of the corresponding month of last year stand as noted below :—

	Opening Balance.	Demand	Collection.	Closing Balance.
February 1892	36,168	2,98,584	2,80,129	54,623
February 1893	65,036	2,65,014	2,38,220	91,830

These results are not satisfactory. The opening balance is nearly double of what it was during the corresponding month of last year. The demand falls short of the estimate by Rs. 9,468. It is also less than the demand of February 1892 The most unsatisfactory feature of the operations of the month is the large uncollected balance at the end of it. The Dewan hopes that the Deputy Commissioner will exert himself to leave as little uncollected balance as possible at the end of the present collection season.

3. The arrears date from the year 1877-78. The old arrears in the under mentioned Taluks are very heavy :—

1.	Manjarabad	13,518
2.	Hassan	6,037
3.	Channarayapatna ...	5,765

The Deputy Commissioner must during April and May personally examine into all arrears in his District older than 31st March 1893, cause the recovery of such as are reasonably and justly recoverable and submit his recommendation for the remission of such as are not so recoverable. This should be done before the close of the year.

4. *Statement No.* 9 *Miscellaneous.*—The total demand was Rs. 7,508 against Rs. 5,848 last year. It is noted with satisfaction that the whole demand has been collected.

3. Letter from the Chief Judge, No. 394—14, dated 2nd February 1893, requesting with reference to the Proceedings read above that Judges of Civil Courts in the Province may be permitted to keep jewels and other property in Government Treasuries on the same terms on which property belonging to temples is permitted to be kept.

No. 16738-40—R. F. 185-92, DATED, BANGALORE, 11TH APRIL 1893.

ORDER THEREON.—The orders contained in the Proceedings read above, contemplate and therefore provide for, and do not prevent Courts sending their chests or packets containing jewellery and similar property of sufficiently high value requiring care and custody at Government Treasuries. Treasury officers will receive such chests as far as space will allow. They will be responsible that the chests with seals thereon are safe and intact. They should have nothing to do with the contents. The Presiding officers of Courts should cause the boxes to be forwarded to them occasionally and examine their contents and see that the jewels, &c., are speedily disposed of.

(2) that in special cases sanctioned by the Deputy Commissioner at the instance of any farmer, I shall be bound to carry the requisite supply of liquor to any new Depots that may be opened in any tract, or to any altered locality of the existing Depôts, provided the expense to me is not likely to be greater than supplying present Depôts;

(3) that as remuneration for my contract, the Government shall pay me at the end of each month an amount calculated at the rate of annas for every gallon of liquor conveyed by me from the Central Distillery to the Depôts, and shall also allow me actual wastage at a rate not exceeding two per cent on the quantity of liquor removed by me from the Distillery and till actual delivery at the Depôts of the liquor to the farmers;

Letter No. 361, dated, the 5th August 1892, from the Superintendent, Mysore Revenue Survey, submitting the annual report on the progress of the Survey operations during the Survey year ending 31st October 1891.

No. 17897—R. F. 263-92, DATED, BANGALORE, 26TH APRIL 1893.

ORDER THEREON.—*I. Survey Operations.*—The progress of the Survey operations in the Province up to close of the Survey year 31st October 1891 has been as follows:—

	District.	Taluk.	Measurement.	Classification.	Assessment.

2	Mysore ...	1. Chamrajnagar...	Do	In progress.	In progress.
		2. Nanjangud ...	Do	Not begun.	Not begun.

		5. Yelandur Jahaghir.	Do	Not begun	Do
3	Bangalore ...	1. Kankanhalli ...	Do	Do	Do
		2. Closepet ...	Do	In progress.	In progress.

The operations have been completed and assessment has been fixed in the remaining Taluks of the Province. The total extent surveyed up to 30th June 1892 is 30,024 square miles.

2. *II. Measurement.*—There were 4 establishments at work as in the previous year. After finishing the original work available they were employed on miscellaneous work such as, sub-dividing large Survey fields, correcting demarcations under tank bunds, &c., so there was little original work to be done and the total area (arable and unarable) measured was 79,285 against 237,275 acres.

3. The difference between original work and test was $\frac{16}{10}$ths of an acre against $\frac{2}{10}$ths. This is satisfactory indeed.

4. The sub-divisions carried out by the Revenue authorities was revised in the case of 5,533 fields. Many errors are reported to have been found out, and the further report promised by the Superintendent, Revenue Survey, is awaited.

5. *III. Classification.*—The total area classified was 339,981 against 387,858 acres, the decrease being under the head "unarable" land which from a classing point of view is of minor importance. The mean average difference between original classification and test was the same as in the previous year, *viz.*, 2 pies. The number of fields tested was 4,116 against 3,327.

6. *IV. Cost of Operations.*—The total cost of the operations was 175,006 or Rs. 1,342 less than in 1890 and the total cost since the commencement of the Survey operations was Rs. 57,37,503.

7. *V. Survey of Inam Villages.*—Twenty-four Inam villages having an area of 29,047 acres were surveyed either in detail or by valuation and the lands of 214 villages containing an area of 113,689 acres were classified. The cost of measurement was Rs. 1—0—11·28 and that of classification 0—1—9·74 per acre.

8. *VI. Allocation of Inams.*—The total number of Inams surveyed was 867 and the amount of assessment confirmed as Inam was Rs. 4,480—4—0, that brought under Khalsat being Rs. 761—8—0.

9. *VII. Pakka Potigi Settlement.*—The "Pakka Potigi" settlement or the settlement of the final remuneration of village officers was made for the Taluks of Hoskote and Holé-Narsipur.

10. *VIII. Season.*—The season is reported to have been favorable and the Revenue authorities to have co-operated cordially.

11. *IX. Concluding remarks.*—Considering the scattered nature of the work, Government consider that the progress made during the year was satisfactory.

T. ANANDA ROW,
Chief Secretary.

PART I

LOCAL BOARDS BRANCH—MUNICIPAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 1st April 1893.

READ :—

The following letter from the Deputy Commissioner of the Shimoga District, dated 20th February 1893, No. 1106—1063 :—

I have the honor to report that while inspecting the Shikarpur Taluk Treasury on the 15th instant, it came to my notice that the establishment of the Taluk Municipality received no payment for part of October last and the subsequent three months for want of funds. The Amildar explained that similar delays in paying the establishment occurred in previous years also.

2 It is much to be regretted that the matter was not brought to my notice, when the difficulty was first felt to enable me to take a special action at once.

3. In these days of high prices, the poor servants of the Municipality must have suffered much on account of non-payment for such a length of time.

4. Under the pressing circumstances of the case I was in anticipation of Government sanction, compelled to order immediate payment out of the surplus at the credit of the Siralkoppa Municipality, and the Amildar has already drawn Rs. 235—8—3 and paid off Rs. 215—15—3 to the Municipal servants to whom it was due, reserving the balance for payment to those who were absent at the time.

5. I consulted the Members of the Siralkoppa Municipality who agreed to lend the money out of their funds to be repaid before the close of the current official year. There was a balance of Rs. 758—11—5 at the credit of the Municipality on the 31st January last. The consent of the Shikarpur Municipality will be obtained when I go there in a day or two.

6. I have directed the Amildar to collect the Municipal taxes largely from the well-to-do residents of Shikarpur and see the Establishment is paid month by month in future.

7. A contractor's bill for Rs. 100 remains to be paid and I have ordered its payment out of the collections.

8. The Municipal taxes of the town are in the course of being revised, and a separate report on the results will be submitted in due course.

9. I beg to trust that the Government will be pleased to sanction the loan by the Siralkoppa Municipality to the one at Shikarpur to be repaid as stated above.

No. 16220-21—L. F. 181-92, DATED, BANGALORE, 1ST APRIL 1893.

ORDER THEREON.—The conduct of the Amildar Subba Rao in allowing the pay of menial servants of the Shikarpur Municipality to be in arrear for months without even reporting the matter to the Deputy Commissioner and seeking his instructions is very reprehensible. The Deputy Commissioner should fully enquire and report the circumstances under which it has happened that there was no cash balance available at the credit of the Municipality.

2. The grant of a loan to the Shikarpur Municipality from the funds of the Siralkoppa Municipality, as proposed by the Deputy Commissioner, is unnecessary. The Comptroller will pass the usual fixed charges pending adjustment during the collection season.

3. The practice of advancing loans to one Municipality from the funds of another is irregular and should be discontinued as directed in Government Proceedings, dated 2nd April 1890, No. 906-37—Cir. 15.

4. The Deputy Commissioner is requested to adjust as early as possible the sum of Rs. 235—8—3 spent by him from the funds of the Siralkoppa Municipality to pay the servants of the Shikarpur Municipality the arrears of their pay.

(4) Letter from the Comptroller, dated 24th February 1893, No. 1042—L. F., enquiring whether Mr. Sundaram Iyer, who has been appointed as Municipal Engineer is to draw Rs. 150 per mensem provided in the current year's Municipal Budget of the Mysore City and whether Mr. Cooppuswami Mudaliar can draw the monthly allowance of Rs. 50, as Vice-President of the Mysore City Municipality.

No. 16298-301—L. F. 197-92, DATED, BANGALORE, 3RD APRIL 1893.

ORDER THEREON.—Mr. K. Srinivasa Rao's pay as Vice-President of the Bangalore City Municipality will be Rs. 200 plus Rs. 30, carriage allowance, which the Government is hereby pleased to sanction. No other allowance can be given. As the Municipality of the City of Bangalore are having the benefit of a whole time Vice-President, his pay and carriage allowance amounting to Rs. 230 per mensem will be charged to the Municipal Budget.

2. Mr. Cooppuswami Mudaliar's pay as Vice-President, Mysore City Municipality, will be Rs. 500 per mensem. As the salary is large, Government have agreed to bear a part as specified in Government Proceedings, Camp No. 249—50, dated 22nd February 1893. He is not entitled to any special allowance.

3. When an Engineer Officer of the Local Public Works Department, is lent for service, by order of Government to a Municipality or Local Board or for employment in an office, the salary of which is not paid out of the State Revenue, the officer lent will continue to be borne in the list of the Public Works Department Officers and shown as "Seconded." He will be allowed in the list of Public Works Department the status and promotions. to which he would become entitled by seniority had he continued in active Public Works employ. The body, to which he is lent, should pay his Public Works Department salary for the time being together with any local or carriage allowance, it may consider proper. In the case of officers lent up to date, no contributions on account of their pensions will be levied.

4. The above being the views of the Government, the Mysore City Municipality may report whether they want Mr. Sundaram Iyer, (who now stands appointed as Municipal Engineer, Mysore, but has not joined) or whether they would prefer to ask for the loan of a man who would cost less.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 13th April 1893.

READ:—

Letter from the Comptroller, dated 19th December 1892, No. 3205, submitting the report of the Auditor deputed to scrutinize the accounts of the Chikmagalur Municipality for the year 1891-92.

No. 16721-2—L. F. 234-92, DATED, BANGALORE, 13TH APRIL 1893.

ORDER THEREON.—Mohatarfa collections are reported to have been remitted to the Treasury once a month and not every week as directed in para 7 clause (1) of Proceedings, dated 24th August 1891, No. 6227-39—L. 429. The instructions therein issued should be strictly followed.

2. Counterfoil receipt books should be supplied to the Mutsaddis in charge of cattle pounds.

3. In some cases the duty on smuggled articles is stated to have been deducted from their sale proceeds and the remainder credited to the head to which it properly belongs. This seems unobjectionable. But not so the procedure which seems to be adopted in some other cases by which rewards paid to informers are deducted from the gross proceeds and the remainder alone is credited to account. In cases in which rewards are paid, the proper course is to debit the amount on the side of expenditure under "XI Miscellaneous (*b*) Other items" and credit the entire amount of sale proceeds of the smuggled articles (less duty) on the credit side.

4. According to the Ledger, the outstanding balance to be recovered on 1st July 1892 under Mohatarfa was Rs. 699—12—4, while the balance according to the Demand, Collection and Balance statement was Rs. 692—4—4. This requires explanation.

5. The Auditor brings to notice an excess remittance of Rs. 2 under date 19th June 1892 due to error in calculation and recovery of Rs. 2 from one Kasim Sabi, Khate No. 1186 in excess of the demand after the full amount due by him had been previously recovered. The Deputy Commissioner is requested to take notice of this irregularity and report after enquiry the correct Demand, Collection and Balance of the Municipality.

6. As regards the practice brought to notice in para 7 of the report of imported tobacco being allowed to pass after taking a mutchelika from the merchants concerned, for payment of duty within six months after date, the Deputy Commissioner is requested to issue strict instructions for the observance of the orders contained in Proceedings, dated 14th January 1893, No. 11509-19—L. F. 158-92.

7. The monthly accounts of the Municipality are reported to have been prepared from the classified Treasury abstracts. This practice ought to be discontinued, and the accounts prepared in future from the information available in the Municipal office and checked with Treasury figures if necessary.

8. The Deputy Commissioner is requested to have the works register written up to date.

9. The expenditure of Rs. 443—15—9 shown under "Police charges" should be adjusted by the Comptroller by a debit to Provincial and credit to Municipal Funds, as the Municipality was relieved of Police charges under Government Proceedings, dated 18th June 1891, No. 3328-9—L. 234.

10. As regards the sum of Rs. 24—3—10, being the advances recoverable from Minor Municipalities towards the salary of the Municipal Clerk in the District Office referred to in para 18 of the Auditor's report, the Comptroller is requested to adjust the amount in communication with the Deputy Commissioner of the Kadur District and report the matter to this Office.

LOCAL BOARDS BRANCH—LOCAL FUNDS.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal and Local Fund),—dated 3rd April **1893.**

READ:—

Letter from the Senior Surgeon, dated 28th February 1893, No. 4198, stating with reference to the marginally noted papers enquiring the cause of his absence from Meetings of the Bangalore Municipal Board, that Municipal Meetings are usually held in the mornings when Medical Officers are busy at the Hospitals and Dispensaries and it is therefore difficult for them to attend regularly at ordinary Meetings without detriment to their special duties, and suggesting that Municipal Boards do hold their Meetings at noon or early in the morning not later than 7 A. M.

(1) Letter dated 4th January 1892, No. 10726—938.
(2) Docket dated 8th September 1892, No. 3649—331.
(3) Proceedings, dated 11th February 1893, No. 13536—L. F. 168-92.

No 16302-11—L. F. 402-92, DATED, BANGALORE, 3RD APRIL 1893.

ORDER THEREON.—The attention of the Presidents of Municipal and Local Fund Boards is drawn to the inconvenience brought to notice by the Senior Surgeon and they are requested to state why the Meetings of Boards should not be held during regular office hours. It is the desire of Government that Medical and Public Works Officers should take as much interest in the Budget and minor questions not involving professional opinion as well as those which involve it.

The Presidents of the other Municipalities and Local Fund Boards.

MEMO No. 16311-½—L. F. 402-92.

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore, with a request that he will return the letter from the President of the Bangalore City Municipality, dated 8th December 1891, No. 924, forwarded in original with this office letter, dated 4th January 1892, No. 10726—938.

READ:—

Letter from the Deputy Commissioner of the Hassan District, dated 4th March 1893, No. 891, stating that the fee of 4 annas prescribed for each of the cows covered by Amrut Mahal Bulls is very small and proposing that it may be raised to 8 annas.

No. 16544—L. F. 104-92, DATED, BANGALORE, 8TH APRIL 1893.

ORDER THEREON.—The amount involved is so small that it is not worthwhile incurring the risk of making the measure unpopular by raising the fee, which therefore may stand at the existing rate, for the present at all events.

Government Proceedings, dated 20th January 1892, No. 11458-62—L 1061, sanctioning the District Fund Budget Estimates of the French Rocks Circle for 1892-93 ending 31st March 1893.

READ:—

Letter from the Deputy Commissioner of the Mysore District, dated 9th March 1893, No. 1141, submitting revised Budget Estimates of the Circle for the year 1892-93 ending 30th June 1893.

No. 17171-4—L. F. 202-92, DATED, BANGALORE, 18TH APRIL 1893.

ORDER THEREON.—The estimated receipts now submitted amounting to Rs. 40,673 against Rs. 42,944, the actuals of 1890-91 as shown hereunder call for no remark, except that the estimate under "II Sale of stray cattle" and "III Fines from cattle trespass" represent the gross income as required in Government Proceedings, dated 17th March 1892, No. 14603-11—L. 1509:—

Items.	Details.	Actual of 1890-91.	Estimate for 1892-93.
I	76 per cent of Local Cess	40,976	38,655
II	Sale of stray cattle	654	590
III	Fines for cattle trespass	1,021	1,016
	Fees for feeding charges of impounded cattle	...	142
IV	Ferry collections	201	254
V	Fees from Travellers' Bungalows	...	10
VII	Contributions	...	...
IX	Miscellaneous—Sale of manure	12	6
	Total.....	42,904	40,673

2. Including the actual balance on 1st July 1892, the sum available for expenditure during the year 1892-93 amount to Rs. 82,098, of which Rs. 59,457 are proposed to be expended, leaving a balance of Rs. 22,641 on 30th June 1893 as particularized below:—

	Original Estimate.	Revised Estimate.
	Rs.	Rs.
I. Civil Charges	7,993	8,747
II. Public Works to be executed by Public Works Department ...	47,950	47,950
III. Do do Revenue Department ...	2,760	2,760
Total Expenditure.....	57,803	59,457
Closing Balance.....	..	22,641

3. The variations proposed in the revised estimate are as follows:—

	Civil Charges.	Original.	Revised.
1.	Sweepers for Travellers' Bungalows	468	348
2.	Hospitals and Dispensaries	2,559	3,450
3.	Conservancy and Sanitary charges	2,960	2,990
4.	Cattle Pounds		823
5.	Public Works to be executed by Revenue Department	2,760	...

4. *Item* 1.—The decrease under "Sweepers for Travellers' Bungalows and Musafarkhanas" is explained to be due to the Bungalow at French Rocks having been set apart as the residence of the Sub-Division Officer and the old Taluk Cutcherry building being now used as the Police Station, and the services of a Sweeper and a Watcher therein employed respectively having been therefore dispensed with. The revised estimate is approved.

5. *Item* 2. *Hospitals and Dispensaries.*—The net increase of Rs. 891 over the original estimate is the result of a total increase of Rs. 1,003 and of a total decrease of Rs. 112 in the following items:—

No.	Items of Increase.	Amount.	No.	Items of Decrease.	Amount.
1	Dispensary at Mandya ...	110	1	Dispensary at Malvalli ...	32
2	Do French Rocks ...	140	2	Travelling allowance to Hospital Assistants ...	80
3	Do Nagamangala ...	110			
4	Do Maddur ...	593			
	Total Rs.....	1,003		Total Rs	112

6. Owing to the insufficiency of the Municipal Funds, the Municipalities of Mandya, French Rocks and Nagamangala were relieved of the $\frac{1}{3}$rd cost of local Dispensaries and the total cost on their account was ordered to be debited to District Funds in Government Proceedings, dated 21st January 1892, No. 12014—L. 1171. Hence the increase provided under items 1, 2 and 3. The new provision made for the Dispensary at Maddur sanctioned in Proceedings, dated 24th October 1892, No. 5580-4—166-92, includes Rs. 225 on account of the construction of a temporary and pakka dead house in the Dispensary building. As the charge is debitable to Provincial Funds, the item will be struck out.

7. The decrease of Rs. 112 is due to the omission of provisions made for the travelling allowance of Hospital Assistants chargeable to Provincial Funds and for the rent of the Dispensary building owing to the Dispensary being, at present located in the building recently constructed for the purpose.

8. An increase of Rs. 50 is provided under "Conservancy charges" on account of the temporary Hospital maintained at Melkote, during 1891-92. The amount expended on account of the temporary Hospital and the authority under which the charge was incurred should be quoted. Pending explanation, the amount will be struck out.

9. The new provision under cattle pounds is in accordance with Government Proceedings, dated 17th March 1892, No. 14603-11—L. 1509, and is passed.

10. The provision of Rs. 2,760 made in the original Budget on account of "Public Works to be executed by Revenue Department" is omitted in the revised Budget. This is evidently an omission, which has been supplied in this Office.

11. The revised Budget estimates of receipts and expenditure of the French Rocks Circle for the year 1892-93 ending 30th June 1893 are sanctioned as shown hereunder, of which the details are given in the Appendices A and B:—

		Rs.
(1)	Estimated receipts for 1892-93	40,673
(2)	Actual balance on 1st July 1893	41,425
	Total Income.....	82,098
(3)	Estimated Expenditure —	
	(1) Civil Charges	8,522
	(2) Public Works to be executed by Public Works Department	47,950
	(3) Do Revenue Department ...	2,760

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 22nd April 1893.

READ :—

Dockets from the Deputy Commissioner of the Kolar District, dated 7th and 20th February 1893, Nos. 2412—564 and 2621—622 respectively, submitting the District Fund Budget Estimates of receipts and expenditure of the Kolar Local Fund Circle for the year 1893-94 ending 30th June 1894, together with a copy of the Proceedings of the District Fund Board, dated 21st January 1893.

No. 17325-29—L. F. 110-92, DATED, BANGALORE, 22ND APRIL 1893.

ORDER THEREON.—Government resolve to review the District Fund Budget Estimates of the Kolar Circle for 1893-94.

2. The receipts for 1893-94 are estimated at Rs. 68,910 against Rs. 70,201, the actuals of 1891-92, and Rs. 69,788, the sanctioned Estimate for 1892-93, as shown in the following abstract statement :—

Items.	Details.	Actuals of 1891-92.	Estimate for 1892-93.	Estimate for 1893-94.
I.	Seventy-six per cent of Local Cess	65,840	66,723	65,360
II.	Sale of stray cattle	476	460	450
III.	Fines for Cattle trespass	3,729	2,600	3,000
IV	Ferry Collections	...	...	...
V.	Tolls	...	...	...
VI.	Fees from Travellers' Bungalows	...	...	100
IX.	Miscellaneous	156	...	...
	Total Rs. ...	70,201	69,788	68,910

3. *Seventy-six per cent of Local Cess.*—The estimate under this head, which is based upon the actuals, will be retained; but the Deputy Commissioner should explain why only Rs. 65,360 are entered as the estimate, while the total demand including arrears of the previous years is given as Rs. 80,000, and why such a large balance of Rs. 14,640 is expected to remain uncollected at the end of the year. Steps should be taken to see that the recoverable arrears are collected as early as possible.

4. The estimates under "II. Sale of Stray Cattle" and "III. Fines for Cattle trespass," probably represent only the net receipts from Pounds after deducting charges on account of remuneration to pound-keepers, the feeding of impounded cattle, &c. As under Government Proceedings, dated 17th March 1892, No. 14603-11—L. 1509, gross receipts including fees levied for fodder charges have to be entered on the side of receipts, due provision being made on the side of expenditure on account of "(I) Repair of Cattle-pounds," "(II) Feeding charges" and "(III) Remuneration to Pound-keepers," the amount that has been deducted from the estimate under this head on account of each of these items should be specified in view to their being shown both on the side of receipts and expenditure. Pending information, the estimates will stand.

5. The new estimate under "VI. Fees from Travellers' Bungalows", will be accepted. The Deputy Commissioner is requested to explain why he does not anticipate any revenue during 1893-94 under the head "IX. Miscellaneous" from which Rs. 156 are shown to have been realized in 1891-92. Now that special establishments are maintained for the conservancy of populous villages, steps should be taken to collect sweepings in them and in cattle-pounds as well as market places and by periodical sales convert the same into a source of permanent income.

6. Including the opening balance of Rs. 78,425, the sum available for expenditure during 1893-94 amounts to Rs. 1,47,335, of which Rs. 1,32,924, are

proposed to be expended, as shown hereunder, leaving a balance of Rs. 14,411 at the end of the year:—

		Rs.
(1)	Civil charges	23,092
(2)	Public Works to be executed by Public Works Department ...	72,500
(3)	Do by Revenue Department ...	37,322
		1,32,924

7. The provision under "I. Civil charges" exceeds that of the year 1892-93 by Rs. 10,161, as shown in the following statement:—

Items.	Details.	Estimate for 1892-93.	Estimate for 1893-94.	Difference. Increase.	Difference. Decrease.
I.	Office Establishment	240	456	216	...
II.	Medical scholarships	611	611	...	...
III.	Hospitals and Dispensaries	7,670	7,907	237	...
IV.	Midwives	540	540	...	...
V.	Sweepers, &c., for Travellers' Bungalows, Musafarkhanas	879	987	108	...
VI.	Conservancy and Sanitary charges	2,050	9,750	7,700	...
VII.	Vaccination	116	116	...	...

X.	Miscellaneous	825	825 1,600	1,600	...
	Total Rs	12,931	23,092	10,161	...

8. *Office Establishment.*—The increased estimate provides for the usual charges and the pay of the additional clerk sanctioned in Government Proceedings, dated 13th June 1892, No. 4719-20—L. 572, but does not include the quota of charges payable towards the establishments maintained in the Dewan's and the Comptroller's Offices. A sum of Rs. 270 will be entered in the Budget.

9. *Medical scholarships.*—The total provision that has to be made in the District Fund Budgets for 1893-94 under Government Proceedings, dated 24th December 1887, No. 5832-43—149, is Rs. 4,165, of which, $\frac{1}{8}$th, payable by the Kolar Circle, is Rs. 521. This amount will be entered in lieu of Rs. 611 provided in the Budget.

10. The estimate under "Hospitals and Dispensaries" includes Rs. 400 on account of the travelling allowance of the Hospital Assistants in charge of Local Fund Dispensaries and Rs. 2,000 on account of cholera expenses. The former item will be struck out, as it is debitable to the Medical Budget, and the latter, which is in accordance with the * Proceedings of the Local Fund Board, will be retained, subject to the submission from time to time of bills of charges incurred out of the allotment.

* Dated, 31st January 1893.

11. The provision newly made on account of the salaries of sweepers sanctioned for the Travellers' Bungalows at Goribidnur and Motmakalapally in the Government Proceedings, dated 2nd November 1892, No. 6109-10—L. F. 174-92, accounts for the increase in the estimate, which is sanctioned.

12. *VI. Conservancy and Sanitary charges.*—The liberal provision made in accordance with Official Memorandum, dated 25th September 1891,

No. 7259-66—L. 576, includes Rs. 1,032 sanctioned in Government Proceedings noted in the margin for the pay of sweepers employed in large villages for purposes of conservancy and is sanctioned, subject to the submission of definite proposals for the utilization of the allotment in consultation with the Sanitary Engineer, if necessary.

(1) Proceedings, dated 2nd April 1892, No 71-2—L 11
(2) Do dated 15th August 1892, No 2382-3—L F 114-92

13. The purpose for which a provision of Rs. 300 is entered under "IX. Contribution" has not been stated. If the amount represents the contribution payable to the Kolar Municipality on account of the maintenance of the District Fund roads in the town under the Chief Engineer's Circular, dated 20th December 1889, No. 97-98, the lengths of such roads should be marked in the remarks column of Enclosure C and the maintenance allowance therefor deducted from the total provision made for road repairs. The Deputy Commissioner is requested to explain the matter.

14. *X. Miscellaneous.*—The details under this head are given below:—

		1892-93	1893-94
(1)	Amrut Mahal Bulls	825	825
(2)	Destroying the cover afforded to snakes		300
(3)	Cattle-pounds		1,000
(4)	Unforeseen expenses		300
		825	2,425

15. *Item 1.*—A sum of Rs 825 was sanctioned in the Budget for 1892-93. The necessity for the repetition of the provision for 1893-94 requires explanation.

16. *Item 2.*—Which is in accordance with Government Proceedings, dated 14th May 1892, No. 2849-58—Cir. 26, is passed.

17. *Item 3.*—No details have been furnished for the lump sum provision of Rs. 1,000 made in the present Budget. The same should be distributed among the following sub-heads:—

(1) Feeding charges of impounded cattle
(2) Remuneration to Pound-keepers
(3) Repairs to Pounds.

18. *I. Original Works.*—The provision under "B. Public Works to be executed by Revenue Department" includes Rs. 3,000 for constructing a building for public meetings and for purposes of general utility at Kolar and Rs. 2,300 for Chavadies in villages and Rs. 4,500 for wells. Government observe that the cost of a Town Hall, if considered necessary, is a legitimate charge upon Municipal and not District Funds, and observe with regret a tendency to expend an undue proportion of District Funds on Head-quarter towns to the detriment of the villages from which the money comes. The provision is struck out The provisions made for wells and Chavadies will be retained, but contributions should, as a rule, be levied wherever promised in the shape of money or labor from villages, for whose benefit each well is undertaken, unless under special circumstances, such as poverty, &c., exemptions can be granted in their favor. Pending information, the estimate will be retained.

19. *II. Repairs.*—It should be reported whether with reference to the remarks contained in Para 13 *supra*, the provision under "A. Works to be executed by Public Works Department" has to be reduced. The allotment under "B. Works to be executed by Revenue Department" includes

A. Works to be executed by P W D Rs 20,715
B. Do Revenue Department „ 6,450

Rs. 2,500 for repairing Karanji Tank at Chintamani for the improvement of the drinking water-supply of the town, where the Municipality is stated to be too poor to bear the charge, and the Dewan directed the needful being done in the matter during his tour of 1891-92. The estimate is passed.

20. The establishment charges proposed, which are nearly 23·5 per cent of the allotment made for works to be executed by the Public Works Department, are heavy and should be reduced. The amount to be reduced should be stated.

21. The other items call for no remarks.

22. The Budget Estimates are sanctioned as detailed in the accompanying statements, of which the following is an abstract:—

C. MADIAH,
Dy. Commissioner.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 22nd April 1893.

READ:—

Letter from the Deputy Commissioner of the Tumkur District, dated 27th February 1893, No. 715, submitting the Budget Estimates of receipts and charges under District Funds for the year 1893-94 ending 30th June 1894.

No. 17349-53—L. F. 95-92, DATED, BANGALORE, 22ND APRIL 1893.

ORDER THEREON.—Government resolve to review the Budget Estimates of receipts and expenditure under District Funds of the Tumkur Circle for the year 1893-94.

2. The receipts of the Circle for 1893-94 are estimated at Rs. 64,561, against Rs. 70,004, the actuals of 1891-92 and Rs. 64,800, the sanctioned estimate for 1891-92 as shown in the following statement:—

	Details.	Actuals of 1891-92.	Estimate for 1892-93.	Estimate for 1893-94.
I.	76 per cent of Local Cess	51,112	54,720	57,476
II.	Sale of stray cattle	725	1,445	900
III.	Fines for Cattle Trespass	4,924	8,635	5,200
	Feeding charges for impounded cattle	...	...	910
IV.	Fees from Travellers' Bungalows	71	...	75
V.	Tolls	...	...	...
VII	Private contributions	...	...	...
VI	Grant-in-aid	13,000	18,100	...
IX.	Miscellaneous	172	...	...
	Total.....	70,004	64,800 18,100	64,561

3. *I. 76 per cent of Local Cess.*—The demand for the year 1893-94 under this head excluding the arrear at the commencement of the year is given in column 4 of the Enclosure A to Budget statement as Rs. 56,406, and without showing in column 5, the balance at the commencement of the year, the total demand is entered as Rs. 1,08,151 in column 6 thereof, the difference probably representing the probable arrear at the commencement of the year, which ought to have been shown in column 5. Such omissions should be carefully guarded against in future. Out of a total demand of Rs. 1,08,151, only Rs. 57,476 are given as the estimate or the amount expected to be collected in 1893 94, leaving a large outstanding balance of Rs. 50,675. The Deputy Commissioner is requested to explain why such a large amount is expected to remain uncollected at the end of the year. Steps should be taken to see that all recoverable arrears are collected as early as possible. Pending further information the estimate will stand.

4. *II. Sale of stray cattle. III. Fines for Cattle Trespass including Feeding charges of Cattle.*—The estimates, which are in accordance with Government Proceedings, dated 17th March 1892, No. 14603-11—L. 1509, will be retained, but the estimated fee collections on account of feeding charges of the impounded cattle need not be shown separately as has now been done, but should be included under the heads "II Sale of stray cattle" and "III Fines for Cattle Trespass."

5. *VIII. Grant-in-aid.*—During 1891-92 and 1892-93 Rs. 13,000 and 18,100 were respectively allotted out of Local Funds General for sinking drinking water wells and other useful works in the District and they are shown under this head in the consolidated Budget. These amounts should not be treated as grants-in-aid made from Local Funds General but should be separatly accounted for.

6. *IX. Miscellaneous.*—The absence of any estimate against this head though Rs. 172 were derived therefrom in 1891-92 requires explanation. Now that liberal provisions are being made for the conservancy of large and populous villages, steps should be taken to collect sweepings in them, market places and cattle pounds in the District and by periodical sales turn them into a source of permanent income to the funds of the circle. If this is done, the Deputy Commissioner should state what amount may be expected to be derived by the sale of manure during 1893-94. It should also be reported why no estimate is entered on account of fees to be collected for the user by the raiyats of Amrut Mahal bulls proposed to be supplied to this District. On receipt of the information above called for, an estimate will be entered under this head.

7. The opening balance in favor of the Circle is given as Rs. 70,057, but with reference to the actual balance on 1st July 1892 and the sanctioned estimates for 1892-93, the correct opening balance is only Rs. 68,753 which will be adopted in the Budget.

8. Including the above balances the sum available for expenditure during 1893-94 is Rs. 1,33,314, of which Rs. 64,561 are proposed to be expended, leaving a large balance of Rs. 68,753 at the end of the year. As a rule the balance should not exceed 30 per cent or be less than 25 per cent of the annual receipts. A further expenditure of about Rs. 40,000 should be proposed for useful works, of which Rs. 30,000 should be allotted to works intended to improve the drinking water-supply and the sanitary condition of villages. Government attach the greatest importance to making the dirty surroundings of the raiyat as clean, healthy and comfortable as possible.

1.	Civil charges ...	16,603
2.	Public Works to be executed by Public Works Department...	45,940
3.	Do Revenue do ...	2,018

9. The estimated Civil charges amounting to Rs. 16,603, exhibit a decrease of Rs. 1,591, compared with the sanctioned estimate for 1892-93 as shown in the subjoined statement :—

Items.	Details.	Estimate for 1892-93.	Estimate for 1893-94.

11. *Medical scholarships.*—The sum payable towards the cost of scholar ships for the year 1893-94 under Government Proceedings, dated 24th Decembe 1887, No. 5832-3—149, is only Rs. 521 and not Rs. 536. The correct amoun will be entered under this head.

12. *III. Hospitals and Dispensaries.*—Excluding the salaries, &c. of Mid wives and female servant of the Lying-in-Hospital at Tumkur which should properly appear under "IV Midwives," the estimate under this head comes to Rs. 6,148 which includes Rs. 250 on account of the travelling allowance of the Hospita Assistant and Rs. 660 on account of feeding in-patients in connection with Loca Fund Dispensaries in the District. The former item, which is chargeable to Pro vincial, will be struck out and the latter reduced to Rs. 275 at the rate of Rs. 2: to each of the Dispensaries in accordance with Government Proceedings, date 18th October 1889 No. 5640-9—Cir. 137.

13. *IV. Midwives.*—The estimate under this head transferred in the fore going Para is Rs. 2,012, which includes th full salary of each of the midwives to b employed in the marginally noted places Government observe that the pay usuall allowed to the midwives employed in th other Districts is only Rs. 15 per mensen and midwives in this District also shoul be allowed the same salary. The Deput Commissioner should state why this cannc be done and the estimate reduced accord ingly. Pending information the estimate will not be disturbed.

Th proposal is sanctioned and the provision approved.

15. *VI. Conservancy Charges.*—Excluding the sum of Rs. 3,000 provided fo the extermination of wild animals and snakes in accordance with Government Pro ceedings, dated 14th May 1892, No. 2849-58—Cir. 26, which should appear as a sub-head under "X Miscellaneous" the estimate under this head amounting t Rs. 105 is very small considering the funds available. Having reference howeve to the instructions contained in the latter part of para 8 of this Proceedings it i unnecessary to make further remarks on the subject.

16. *IX. Contributions.*—A sum of Rs. 985, being the amount of contribution payable to the Municipality of Tumkur on account of the maintenance of District Fund roads within the town under the Chief Engineer's Circular, dated 20th December 1889, No. 97—98, was sanctioned for 1892-93. It is not clear why no similar estimate has been entered in the present Budget. The omission will be supplied in this Office, corresponding reduction being made in the provision under "A road repairs to be executed by Public Works Department."

I. Read docket No. 42 of the 11th January 1893, from the Executive Engineer, asking for an additional allotment of Rs. 700 for metalling 9 furlongs of the road leading from Sira to Maddagiri.

Resolved that the Executive Engineer be asked to carry out the needful work out of the annual maintenance of 50 rupees per mile which amounts to Rs. 1,150.

II. Read the Executive Engineer's letter No. 41 of the 11th January 1893, applying for additional funds for some works.

Resolved—

(1) that the additional amounts of Rs. 500 and Rs. 3,000 asked for the bridges over the Honnenahalli stream and the Borankanve stream on Sira-Banavar road, for which Rs. 1,000 and Rs. 2,000 have already been provided in the Budget for 1892-93, be granted out of the amounts provided in the Budget for other works which may not be spent,

(2) and that the Board are unable to enhance the maintenance allowance of the following roads asked for by the Executive Engineer :—

(*a*) Dobbspet-Koratagere.
(*b*) Ballavi-Timmarajanhalli road.
(*c*) Tumkur-Chelur road.
(*d*) Yediyur-Tiptur road.
(*e*) Hassan-Tiptur road.

III. Discussed the Budget for 1893-94.

There are at present 16 sweepers for 3rd Class Travellers' Bungalows and 8 for Musafarkhanas at 4 rupees, only one of them (the Sweeper of the Musafarkhana at Gubbi) getting 5 rupees. All the Amildars having represented that it is very difficult to get Sweepers on 4 rupees in these days, the Members resolved to raise the pay to 5 rupees from 1st July 1893. Further, as fresh Musafarkhanas have been built at Holavanhalli, Chiknayakanhalli, Banasandra, Yeladabagi, Dodguni, Chelur and Bellavi, seven more Sweepers are needed. Provision is accordingly made in the Budget for these. Unlike the other 3rd Class Travellers' Bungalows which have only one man as Sweeper, those at Nittur and Yediyur have in addition a Waterman, each on 4 rupees. The Members resolve to dispense with these two additional men and make all Bungalows alike. Accordingly these two Watermen have not been provided for in the Budget.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 22nd April 1893.

READ:—

Letter from the Deputy Commissioner of the Bangalore District, dated 18th March 1893, No. 915, submitting the District Fund Budget Estimates of the Bangalore Circle for the year 1893-94 together with a copy of the Local Fund Boards Proceedings, dated 24th February 1893, approving of the same.

No. 17361-65—L. F. 152-92, DATED, BANGALORE, 22ND APRIL 1893.

ORDER THEREON.—Government resolve to review the District Fund Budget Estimates of the Bangalore Circle for 1893-94.

2. The receipts for 1893-94 under all heads are estimated at Rs. 64,377 against Rs. 65,683, the actuals of 1891-92 and Rs. 63,794, the sanctioned estimate for 1892-93:—

Items.	Details.	Actuals of 1891-92.	Estimate for 1892-93.	Estimate for 1893-94.
I	76 per cent of Local cess	61,985	60,684	61,167
II	Sale proceeds of stray cattle	860	610	610
III	Fines for Cattle Trespass	2,838	2,340	2,340
IV	Ferry collections	...	10	10
V	Fees from Travellers' Bungalows	...	...	...
VI	Contributions	...	...	...
IX	Miscellaneous	...	120	220
	Total Rs.....	65,683	63,794	64,377

3. *I. 76 per cent of Local cess.*—The estimate is entered only at Rs. 61,167 against a total demand of Rs. 70,226 including arrears. The difference, Rs. 9,059 representing the outstandings which may remain uncollected at the end of the year is large, and the Deputy Commissioner is requested to take steps to collect the recoverable arrears at an early date.

4. *II. Sale of stray cattle and III. Fines for Cattle Trespass.*—The estimates which are the same as those sanctioned for 1892-93 and are less than the actuals of 1891-92, probably represent not the gross receipts, but only net receipts after deducting charges on account of the feeding of impounded cattle and remuneration to Pound-keepers. If this is so, the amounts that have been deducted on account of each of the items should be stated in view to the estimates under these heads being enhanced. Pending information, the estimates will stand.

5. *IX. Miscellaneous.*—The estimate comprises Rs. 120 from the sale of manure and Rs. 100 from fees expected to be realized from raiyats for the use of Amrut Mahal bulls for breeding purposes. The former item is small, considering the large amount now spent on the conservancy of populous villages and the numerous pounds existing in the District. The Deputy Commissioner is therefore requested to see that the sweepings of all cattle-pounds, weekly markets and the manure collected by special establishments which may be maintained for the conservancy of villages are accumulated and sold periodically by public auction, with a view to develop the source of revenue from manure. The other item, which is new, will be retained.

6. The opening balance is given as Rs. 6,436, which will be reduced to Rs. 4,437 as per particulars given below :—

		Rs.
(1)	Actual balance on 1st July 1892...	25,194
(2)	Estimated receipts for 1892-93	63,794
	Total, including balance.....	88,988
(3)	Estimated expenditure for 1892-93	84,551
	Estimated balance on 30th June 1893 or 1st July 1893 ...	4,437

7. Including the above balance of Rs. 4,437, the sum available for expenditure during 1893-94 amounts to Rs. 68,814, of which 67,273 are proposed to be expended, leaving a balance at the end of the year, of Rs. 1,541 only, which is less than 25 per cent of the receipts by Rs. 14,553. The charges have therefore to be reduced.

		Rs.
(1)	Civil charges	17,663
(2)	Public Works to be executed by Public Works Department ...	49,610
(3)	Do Revenue Department	
	Total Rs.....	67,273

8. The subjoined statement will show that the estimated expenditure under "Civil charges" for 1893-94 is Rs. 8,088 less than that sanctioned for the year 1892-93 :—

Items.	Details.	1892-93.	1893-94.
I	Establishment	420	420
II	Medical Scholarships	611	521
III	Hospitals and Dispensaries	3,390	3,158
IV	Midwives (*a*) Salaries of	399	390
	(*b*) Scholarships	360	360
V	Sweepers for Travellers' Bungalows, &c.	336	360
VI	Conservancy and Sanitary Charges	20,050	11,050
VII	Vaccination	72	72
	Contributions	...	...
X	Miscellaneous	122	1,332
	Total Rs.....	25,751	17,663

9. *I. Establishment.*—The estimate does not include the amount of contribution payable towards the cost of establishments maintained in the Dewan's and Comptroller's Offices. A sum of Rs. 220 will be entered on this account and the provision raised to Rs. 640.

10. *II. Medical scholarships.*—The diminished provision, which is in accordance with the scale sanctioned in Government Proceedings, dated 24th December 1887, No. 5832-43—149, is approved.

(11). *III. Hospitals and Dispensaries*—The provision under this head includes Rs. 240 and Rs. 168 on account of the travelling allowance of the Hospital Assistants and furniture to the Dispensaries respectively. The former item, which is debitable to the Medical Budget, is struck out. As regards the other item of Rs. 168 against Rs. 400 entered in the Budget for 1892-93, the Deputy Commissioner should explain the necessity for the provision and pending information called for in Para 7 of Government Proceedings, dated 21st January 1892, No. 11641-5—L. 1104, no expenditure ought to be incurred out of the allotment.

12. *V. Sweepers for Travellers' Bungalows and Musafarkhanas.*—The increase is due to the proposal made by the Local Fund Board to raise the salaries of watchers of the Bungalows at Nelamangala and Kankanhalli in view to make the salaries of all watchers uniform, in the event of Government declining to transfer the maintenance of the Bungalows to Provincial, which bear the cost of the other Travellers' Bungalows in the District (*Vide* Para 7 of Board's Proceedings, dated 24th February 1893). The Bungalows above referred to are of the III Class and their cost is a proper charge upon District Funds. The proposed transfer cannot therefore be sanctioned, but Government will not object to slightly raise the salaries of watchers employed in them. The provision made will accordingly be approved.

13. *VI. Conservancy and Sanitary Charges.*—The diminished provision of Rs. 11,050, made, will be sanctioned, subject to the submission of details promised in Para 11 of the Board's Proceedings. Government at the same time regret that an item of expenditure to which they attach the greatest importance should be starved on account of the paucity of funds.

14. *IX. Contribution.*—The sum of Rs. 1,000 which the Local Fund Board agreed to pay to the Municipality of the Bangalore City towards the cost of maintaining District Fund roads in the town in their Proceedings, dated 8th December 1888, should have been inserted under this head, corresponding reduction being made under "Public Works to be executed by Public Works Department II. Repairs." The omission will be supplied in this Office with reference to the remarks contained in Para 12 of Government Proceedings, dated 21st January 1892, No. 11641-5—L. 1104.

15. *Miscellaneous.*—The estimate comprises the following items:—

		Rs.
(1)	Remuneration to Pound-keepers and feeding charges of impounded cattle	600
(2)	Amrut Mahal Bulls	616
(3)	Other items	122
	Total Rs.....	1,338

16. *Item* 1.—The amounts required for remuneration to Pound-keepers and feeding charges should be separately given.

17. *Item* 2.—A sum of Rs. 250 is stated to be on account of a moiety cost of 5 bulls to be sold to raiyats and Rs. 360 on account of feeding 3 bulls supplied to the District free of cost. The former item will be raised to Rs. 438 at Rs. 87½, the maximum price of each bull fixed in Government Proceedings, dated 19th May 1892, No. 2863-71—Cr. 27. The latter item appears excessive and the Deputy Commissioner is requested to take steps to reduce the feeding charges of each bull now estimated at Rs. 10 per mensem or to make it over to raiyats under the terms contained in Para 5 of Government Proceedings, dated 16th September 1891, No. 6999-7008—Cr. 123. Pending explanation, the estimate will stand at Rs. 1,520.

18. *I. Original works.*—The details under this head are given below :—

		Rs.
(1)	Opening out Kodehalli-Satanur road	... 1,800
(2)	Do Devangundi Railway feeder	... 3,000
(3)	Extension of Sulebele road	... 2,000
	Total Rs.....	6,800

19. The total estimate for the Kodihalli-Satanur road is given as Rs. 6,749 and the probable expenditure thereon up to the end of 1892-93 as Rs. 6,876, or Rs. 127 in excess of the total estimate including Rs. 203 for petty repairs. The necessity for an additional provision of Rs. 1,800 has not been explained. The omission should be supplied. Pending explanation, the amount will be struck out. As regards the provision of Rs. 2,000 made for the extension of the Sulebele road, for which an estimate is stated to be under check, the Deputy Commissioner is requested to state whether the work has been commenced and any expenditure incurred already, and if not, whether the work cannot be put off for the present, at least, till sufficient funds are available. Pending information, the estimate will be struck out.

20. *II.* The provision of Rs. 25,975 will be reduced to Rs. 24,975 with reference to the remarks contained in Para 13 *supra*, but the Deputy Commissioner should state the length of each road within the Municipality of Bangalore and the amount payable for it under Chief Engineer's Circular, dated 20th December 1889, No. 97—98.

21. *V. Reserve.*—The provision made is much too large and will be reduced to Rs. 3,035.

22. *Establishment.*—With reference to the foregoing reductions, the estimate will be reduced to Rs. 7,907 which bears nearly 25·5 per cent on sanctioned works. This is high and has to be reduced. The Deputy Commissioner should state what reductions are feasible.

23. Subject to the explanation called for, the Budget estimates of receipts and expenditure for the year 1893-94 ending 30th June 1894, will stand as shown in the accompanying appendices, of which an abstract is given hereunder :—

		Rs.
(1)	Estimated balance on 1st July 1893	4,437

I. Budget Estimates of Receipts and Expenditure.

(1) The current year's estimates under all heads, except Local Cess, to be adopted. Estimates of Local Cess based on the Revenue Estimates is Rs. 80,483, of which 76 per cent goes to District Funds.

(2) *Original Works.*—Mr. Scaldwell's proposals are accepted.

(3) Enclosure C. approved with the following modifications. The rate for Nelamangala, Gollahalli, Dodballapur Railway Feeder Road to be reduced from Rs. 60 to Rs. 50 ; and that for Devanhalli, Dodballapur to be raised from Rs. 50 to Rs. 75, owing to its importance in consequence of frequent Camps of Exercise. The reserve be reduced from Rs. 10,855 to Rs. 5,535.

(4) *Public Works Establishment.*—Rs. 10,000 to be provided. The proportion of the cost of Establishment to the expenditure on works is very high.

(5) *Tools and Plant.*—Rs. 300 to be provided.

(6) *Civil charges.*—3 Midwifery Scholarships of Rs. 10 each to be provided.

(7) *Watchers for Travellers' Bungalows, &c.*—Except the Kankanhalli Bungalow and the Nelamangala Soldiers' shed, all Bungalows, in the District are maintained from the Provincial Funds. The Government to be requested to relieve the District Board from the charge of the above two Bungalows also. If it is not to be relieved, the pay of the watchers at them to be raised to Rs. 5 each, to make the rate uniform. (*Vide* Enclo. E.)

(8) *Local Fund Dispensaries.*—Same as current year, except under furniture, for which Dr. McGann's figures should be adopted.

(9) *Remuneration to Pound-keepers and feeding charges.*—Rs. 600 at 20 per cent of the income from pounds to be provided.

(10) *Conservancy and Sanitary charges.*—Rs. 11,000 to be allotted ; the details to be arranged at a subsequent meeting.

Read—Correspondance relating to the supply of Amrut Mahal Bulls.—Rs. 300, the price of the 3 bulls and Rs. 120 for their maintenance to be allotted from the balance. Rs. 250 being a moiety of the price of five bulls to be sold to raiyats, and Rs. 360 being the charge of maintenance of the 3 bulls supplied to the Board to be provided in the next year's Budget. Annas 4 for a covering may be charged, and Rs. 100 may be taken credit for in the next year's Budget. The Board considers this charge too heavy for the Board to bear and not quite a legitimate charge on the Funds.

III. Read.—Executive Engineer's docket No. 5227—1573 of 8th November 1892, forwarding an estimate for completing the Kankanhalli-Kodihalli road. It would be difficult to find funds next year to complete this work. Therefore the Board sanctions the re-appropriation of Rs. 2,500 this year as proposed, and raises the maintenance grant from Rs. 360 to Rs. 900 next year, and thereafter to enable the Public Works Department to complete the work gradually.

IV. Read.—Correspondence regarding the stone parapet on the Bidarkuppe Tank bund :—
The remaining part may be completed.

MIR SHUJAET ALI,
President.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 22nd April 1893.

READ :—

Dockets from the Deputy Commissioner of the Chitaldroog District, dated 31st January ar 31st March 1893, Nos. 440—407 and 550—511, respectively, submitting the District Fund Budg Estimates of the District, for the year 1893-94 ending 30th June 1894.

No. 17337-41—L. F. 111-92, DATED, BANGALORE, 22ND APRIL 1893.

ORDER THEREON.—The estimated receipts of the Local Fund Circle for th year 1893-94, amount to Rs. 37,215 against Rs. 35,200, the actuals of the firs 12 months of the year 1891-92 and Rs. 38,116 the sanctioned estimate for 1892-9 as shown hereunder :—

Items.	Details.	Actuals of 1891-92.	Estimate for 1892-93.	Estimat for 1893-94
I	76 per cent of Local cess	27,423	29,607	30,096
II	Sale of stray cattle	799	1,140	910
III	Fines for cattle trespass...	5,261	5,697	5,300
IV	Ferry collections	381	400	350
V	Tolls	115	...	74
VI	Fees from Travellers' Bungalows	12	12	25
VII	Private contributions	1,201	1,250	450
IX	Miscellaneous.—(1) Sale of manure	8	10	10
	Total Rs.....	35,200	38,116	37,215

2. *I. 76 per cent of Local cess.*—The total demand including arrears of th previous year is given as Rs. 30,074, while the estimate proposed exceeds thi figure by Rs. 22. This is apparently a mistake and the estimate will be reduced t Rs. 30,000.

3. *II. and III. Sale of stray cattle and fines for cattle trespass.*—The pro posed estimates probably represent the net income after deducting the remuneratio payable to pound-keepers and fodder charges, and not the gross receipts includin these items. The amounts that have been excluded on account of each of th items should be stated in view to the enhancement of the estimates under thes heads, corresponding provisions being made on the side of expenditure, as require in Government Proceedings, dated 17th March 1892, No. 14603-11—L. 1509.

4. *IV. Ferry collections.*—The cause of the decrease under this head, shoul be explained, and a list of ferries showing whether each is worked by "*Amani*" or by contract should be submitted.

5. *IX. Miscellaneous.*—The income derived from the sale of manure is in significant. It is not clear whether this item is derived from the sale of manur collected in cattle pounds only or in places where weekly markets are held, or othe populous villages also. The Deputy Commissioner is requested to take steps to see that sweepings in cattle pounds and in market or other populous places, the conservancy of which is to be undertaken at the cost of District Funds, are accumulated and sold by public auction periodically in view to develop this item of revenue. The omission of any estimate from fees to be realized from raiyats for the use of Amrut Mahal Bulls for breeding purposes should be explained.

6. Including the opening balance of Rs. 38,191, the sum available for expenditure during 1893-94 is 75,310, of which Rs. 50,512 are proposed to be expended, leaving a balance of Rs. 24,798 at the end of the year.

	Rs.
1. Civil charges	6,702
2. Public Works to be executed by Public Works Department ...	38,810
3. Public Works to be executed by Revenue Department ...	5,000
Total Rs.	50,512

7. ***I. Civil charges.***—The details under "Civil charges" given below, show that the estimate for 1893-94, exceeds the sanctioned estimate for 1892-93 by Rs. 9 :—

Items.	Details.	Estimate for 1892-93.	Estimate for 1893-94.	Difference.	
				Increase.	Decrease.
I	Establishment	150	330	180	...
II	Medical scholarships	611	521	...	90
III	Hospitals and Dispensaries	3,007	3,051	44	...
IV	Midwives	480	480	...	...
V	Sweepers for Travellers' Bungalows, &c ...	924	924	...	...
VI	Conservancy and sanitary charges, ...	500	1,000	500	...
VII	Vaccination	146	146	...	...
IX	Contributions...	...	...	...	...
X	Miscellaneous	875	250	...	625
	Total Rs.....	6,093	6,702	9	...

8. ***I. Establishment.***—The increase is due to the provision made to meet the pay of a Clerk on Rs. 15 per mensem, proposed to be employed newly owing to the increase of Local Fund work now devolving on the District Office. The proposed employment of the Clerk is sanctioned and the provision approved; but the estimate does not include the amount of contribution payable towards the cost of establishments maintained in the Dewan's and Comptroller's Offices. A sum of Rs. 140 will, on this account, be entered in the Budget.

9. ***II. Medical scholarships.***—The provision, which is in accordance with the scale laid down in Proceedings, dated 24th December 1887, No. 5832-43—149, is approved.

10. ***III. Hospitals and Dispensaries.***—The increase is due to the omission of estimates under the marginally noted items and to an increase of Rs. 174 provided for the supply of furniture, during 1893-94. The estimates will stand, subject to the submission of explanation as to whether the provision of Rs. 269 sanctioned for furniture during 1892-93 has not been or is not likely to be utilized before 30th June 1893, and if so, as to the necessity now existing for the repitition of the provision in the present Budget, and as to whether the estimate proposed represents the entire cost or only the portion debitable to District Funds.

	Rs.
1. Travelling allowance to Hospital Assistants	120
2. House rent of Holalkere Dispensary ...	10
Total.....	130

11. ***VI. Conservancy and sanitary charges.***—The lump sum provision of Rs. 1,000, made on account of the sanitation of populous villages is small and will be raised to Rs. 8,000, subject to the submission of definite proposals for the utilization of the allotment.

12. ***IX. Contributions.***—The absence of District Fund roads within the Municipal limits of the Chitaldroog Town accounts for no provision being made under this head.

13. ***X. Miscellaneous.***—No estimate is entered under this head, on account of the following items :—

1. Purchase of Amrut Mahal Bulls.
2. Feeding charges of impounded cattle.
3. Remuneration to Pound-keepers.
4. Destruction of cover afforded to snakes in and around villages.

14. *Item* 1.—The omission is probably due to the Amrut Mahal Bullocks having been purchased in 1892-93 and no more have to be bought in 1893-94.

15. *Items* 2 *and* 3.—The amounts that have to be entered on account of each of these items should be stated as called for in Para 3 *supra*.

16. *Item* 4.—As required in Government Proceedings, dated 14th May 1892, No. 2849-58—Cir. 26, a sum of Rs. 1,000, will be entered to meet the cost of destruction of bushes and thickets which afford cover to snakes.

17. *I. Original Works.*—The provision made for works to be executed by Public Works Department includes Rs. 2,000, on account of opening a Railway feeder from Sosalu to Santebennur and Rs. 2,500 for opening a fair weather road from Naikanhatti to Jagalur, while the probable expenditure up to the end of the current year exceeds the estimated cost in the case of the former and in the case of the latter, falls short of the estimate by only Rs. 103 as shown under:—

	Rs.
A. Public Works to be executed by Public Works Department ...	16,000
B. Public Works to be executed by Revenue Department ...	3,500
Total Rs. ...	19,500

		Estimate.	Probable expenditure.
1.	Railway feeder from Sosalu to Santebennur ...	2,150	3,433
2.	Road from Naikanhatti to Jagalur	2,362	2,259

While so, the necessity for the provisions of Rs. 2,000 and Rs. 2,500 respectively, made for them in the present Budget, requires explanation. Pending information, the estimates will stand.

18. The other items call for no remarks.

19. Subject to the explanations called for, the Budget Estimates of receipts and expenditure of the Local Fund Circle for the year 1893-94 ending 30th June 1894, will stand as shown in the accompanying appendices, of which the following is an abstract:—

(7.) „ L. Venkata Rao of Hiriyur.

1. Read the Budget estimates of Receipts of District Funds for the year 1893-94.

The estimate for 1893-94, under one anna cess on Land Revenue, has been calculated with reference to the Jamabandi for 1891-92 and the details of assets upon which the cess is calculated are given in the Enclosure A.

The estimates under 'Sale of stray cattle' and "Fines for cattle trespass" have been based upon the average of the actuals for the last 3 years as the actuals for 1891-92 was comparatively low, owing to the loss of cattle for want of fodder.

The amounts entered under other heads are based upon the actuals of 1891-92.

The amount of Rs. 450 entered under the head "Contribution" is expected to be realized from the raiyats for whose convenience the well works as shown in the Enclosures B and C, are proposed to be executed in 1893-94 in the Chitaldroog Taluk.

Thus the total estimated Receipts for the year 1893-94, under all heads, amount to Rs. 37,215 against Rs. 38,116 estimated for 1892-93.

The Board resolve that the estimate for 1893-94 be passed. The balance that may stand at the credit of the Board on the 1st July 1893 is estimated at Rs. 38,191 as shown in the margin. Thus the total amount available for expenditure during 1893-94 is Rs. 75,406.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 22nd April 1893.

II. Read para 14 of Government Proceedings No. 11470-4—L. 1063, dated 20th January 1892, stating that the request for the transfer of Chitaldroog-Benkipur Road from District Funds to Provincial Funds will be considered in the Public Works Department.

Resolved that as no final orders have as yet been passed on the subject, the request be renewed. Rs. 120 per mile is granted for this road, but owing to heavy traffic, the road cannot be kept in good order without an additional allotment for metalling the same and for increasing its breadth especially wherever there are embankments. This extra expenditure cannot be borne by the District Funds without interfering with other necessary works. If however the transfer cannot be sanctioned, the mileage allotment be raised from Rs. 120 to 140 from District Funds, as it is very desirable to keep the road in a better order.

III. Read the Budget estimates of Expenditure proposed by the Executive Engineer on account of Public Works to be executed in 1893-94.

Resolved that the same be approved with the following additions :—

(*a*) That a provision of Rs. 2,500 be made for the improvement of Challakere-Pavagada road and of Rs. 1,500 for opening out Bidarkere-Bharmasagar road. Some work was done to the former last year by the Revenue Department (as Relief Work), and its completion is urgently called for. The latter is a Railway feeder and was sanctioned last year to be taken up as a Relief Work.

(*b*) That the mileage allotments for the marginally noted roads be raised from Rs. 30 to 50 in order to maintain them in a better condition, which is highly necessary.

Davangere-Hadadi Road.
Harihar-Harapanahalli Road.
Tarikere-Hosdurga Road.

IV. Read the list of works proposed by the several Amildars to be carried out in the Revenue Department in 1893-94.

Resolved that a provision of Rs. 5,000 be made for the works described in the Enclosures B and C of the Budget.

V. Read estimate of Civil Charges debitable to District Funds for 1893-94.

The estimate is put down at Rs. 6,559 against Rs. 6,693 sanctioned for 1892-93.

A provision of Rs. 180 has been made for the pay of an additional Statistical Clerk to be newly entertained. There is but one Clerk now both for Municipal and Statistical works, whereas in other Districts these works are done not only by two different Clerks, but an additional Statistical Clerk has been sanctioned though tentatively. The works in these Departments have of late increased to such an extent that it has been found impossible to cope with the same with the existing establishment. The Deputy Commissioner's office itself requires strengthening.

The provision under medical scholarship for 1893-94 has been reduced to Rs. 521 from Rs. 611 in accordance with Government Proceedings No. 5832-43—149 of the 24th December 1887.

The provision for travelling allowance to Hospital Assistants in charge of Local Fund Dispensaries has been omitted for 1893-94, in accordance with Government Proceedings No. 8189-93—202-92, dated 13th December 1892, as the same is to be debited to Provincial Funds.

The provision for the house rent for the Dispensary at Holalkere for 1893-94 has been omitted as a new Dispensary building has been constructed.

Considering the prospects of the season in this District at present, and the loss of cattle in the previous year for want of fodder, Government bulls for breeding purposes are not likely to be required during 1893-94. Hence no amount is entered under this head.

The other items call for no special remark.

Resolved that the Budget estimates of Civil Charges amounting to Rs. 6,559 be passed.

VI. The total amount of Receipts and Expenditure for the year 1893-94 as passed by the Board stand as follows :—

	Rs. As. P.
Receipts.	37,215—0—0
Expenditure by Public Works Department.	Rs.
Original works	16,000
Repairs	14,320

Reserve	.	..	..	350
				5,000
Civil Charges	..	..	..	6,559
			Total....	50,369
			Excess....	13,154

Resolved that the excess amount of Rs. 13,154 over the estimated Receipts for 1893-94 be met from the balance of funds at the credit of the Board. The works provided for are of an urgent nature and cannot be conveniently postponed. If the expenditure is to be confined to the annual income, it is not likely that these works could be undertaken in the near future.

B. G. KRISHNAIENGAR,
Offg. Dy. Commissioner and President.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 24th April 1893.

READ:—

Docket from the Deputy Commissioner of the Hassan District, dated 8th February 1893, No. 807, submitting the District Fund Budget Estimates of receipts and expenditure of the Hassan Local Fund Circle for the year 1893-94 ending 30th June 1894 together with a copy of the Proceedings of the District Fund Board, dated 3rd January 1893.

No. 17529-33—L. F. 203-92, DATED, BANGALORE, 24TH APRIL 1893.

ORDER THEREON.—Government resolve to review the District Fund Budget Estimates of the Hassan Circle for 1893-94.

2. The receipts for 1893-94 are estimated at Rs. 65,255 against Rs. 71,953, the actuals of 1891-92 and Rs. 65,302, the estimate for 1892-93 as shown in the following statement:—

Items.	Details.	Actuals of 1891-92.	Estimate for 1892-93.	Estimate for 1893-94.
I	76 per cent of Local cess	56,418	55,176	56,000
II	Sale of stray cattle	1,225	6,765	6,000
III	Fines for cattle trespass	8,234		
IV	Ferry collections	2,972	3,055	2,500
V	Tolls	...	...	...
VI	Fees from Travellers' Bungalows	6	...	5
VII	Contributions	2,753	136	500
IX	Miscellaneous—(1) Sale of Manure	95	170	50
	(2) Do unserviceable boats ...	4		...
	(3) Do fish	236		200
	(4) Refunds including other items ...	10		...
	Total Rs.....	71,953	65,302	65,255

3. *I. 76 per cent of Local cess.*—The details given in the enclosure A to Budget statement include 76 per cent of Rs. 214—3—8, being the estimate of one anna cess on Sayer Revenue, which is not creditable to District Funds, but to Local Funds General in all but the Shimoga and Kadur Districts. This item will accordingly be struck out and a corresponding reduction made in the estimate which will stand at Rs. 55,838.

4. *II and III. Fines and sale of stray cattle.*—The lump sum estimate entered under these heads without stating the amount expected under each head probably represents the net receipts from cattle pounds after deducting charges on account of remuneration payable to pound-keepers and feeding charges of impounded cattle. If so, the amounts that have been deducted therefor should be stated in view to the enhancement of the estimate, the necessary provision being made on the side of expenditure on account of these items in accordance with Government Proceedings, dated 17th March 1892, No. 14603-11—L. 1509. Pending the submission of separate estimates under II and III and the other information above called for, the proposed estimate will be retained.

5. *V. Tolls.*—With reference to the omission of any estimate under this head, the Deputy Commissioner should state whether the revenue from Tolls in the District is credited to Provincial and if so under what authority and to what head the cess on Toll collections is being credited in the accounts.

6. The estimate under "X Miscellaneous" consists of Rs. 50 from "Sale of Manure" and Rs. 200 from "Sale of Fish." The estimate under the former head is very small and the Deputy Commissioner is requested to develop this source of revenue by causing the sweepings in cattle-pounds and in market and other public places collected and sold periodically by public auction, as resolved, in Para 11 of the Boards' Proceedings read above. Meanwhile the estimate will not be disturbed.

7. The balance given by the Deputy Commissioner is Rs. 42,861, but with reference to the actual balance and the supplemental grants sanctioned and to be sanctioned, the correct amount will only be Rs. 16,824 as shown under:—

		Rs.
(1)	Actual balance on 1st July 1892	56.252
(2)	Estimated receipts for 1892-93	65,302
	Total including Balance. ...	1,21,554
(3)	Estimated expenditure for 1892-93	84,469
	Balance	37,085
(4)	Deduct amount applied for on account of incomplete works of 1891-92 ...	20.261
(5)	Estimated Balance on 30th June 1893 will be	Rs. 16,824

8. Adding to the receipts, Rs. 65,093, the above balance of Rs. 16,824 the sum available for expenditure during 1893-94 is Rs. 81,917, while the estimated charges exceed this amount by Rs. 1,537 as shown below. The estimates have therefore to be reduced considerably:—

		Rs.
(1)	Civil charges	12,804
(2)	Public Works to be executed by Public Works Department	67.850
(3)	Do do Revenue Department ...	2,800
	Total.....	83,454
	Deduct receipts including balance	81,917
	Excess of charges over receipts ...	1,537

9. *Civil Charges.*—The provision made under this head amounting to Rs. 12,943 (and not Rs. 12,804 as erroneously entered in the Budget) is in excess of that sanctioned for 1892-93 by Rs. 963 as per details given hereunder:—

Items.	Details.	Estimate for 1892-93.	Estimate for 1893-94.
I	Establishment	150	150
II	Medical Scholarships	611	611
III	Hospitals and Dispensaries	3,411	3,285
IV	Midwives	480	240
V	Sweepers for Travellers' Bungalows, Musafarkhanas, &c. ...	564	912
VI	Conservancy and Sanitary charges	4,120	4,120
VII	Vaccination	245	95
VIII	Refunds	157	157
IX	Contributions	139	139
X	Miscellaneous	2,103	3,234
	Total Rs	11 980	12 943

10. *I. Office Establishment.*—The provision made does not include moiety of the monthly allowance of Rs. 10 sanctioned to the 4th Clerk in the District Office for doing Local Fund work in Government Proceedings, dated 28th June 1892, No. 5594-5—L. 686, or the contribution payable by the Local Fund Circle of Hassan towards the cost of establishments maintained in the Dewan's and Comptroller's Offices. A sum of Rs. 301 will be entered in the Budget on this account.

	Rs.
(1) Allowance to 4th Clerk in the District Office	60
(2) Contribution towards the cost of establishment in the Dewan's and Comptroller's Offices ...	241
Total.....	301

11. *II. Medical Scholarships.*—The sanctioned provision for 1892-93 is repeated in the present Budget, while the sum payable by the Hassan Local Fund Circle during 1893-94 under Government Proceedings, dated 24th December 1887, No. 5832-43—149, is only Rs. 521. This figure will be adopted in the Budget.

12. *III. Hospitals and Dispensaries.*—Including the sum of Rs. 100 entered under "X Miscellaneous" on account of the purchase of cots for the use of in-patients in Local Fund Dispensaries, the estimate under this head comes to Rs. 3,385, which includes the following 2 items:—

	Rs.
(1) Travelling allowance to Hospital Assistants	260
(2) Cots for in-patients	100

13. *Item* 1—will be struck out, as the same is debitable to "Provincial" and not to "Local Funds."

14. *Item* 2—In the Budget for 1892-93 an estimate of Rs. 126 was entered. The necessity for the repetition of the provision requires explanation. Pending information as to whether the provision existing in the current year's Budget has not been or is not likely to be utilized before the end of June 1893, the item will be retained.

15. *IV. Midwives.*—The diminished provision made for midwives, *viz.*, Rs. 240 is stated to be on account of scholarships proposed to be granted during 1893-94 to 2 women in addition to 4 scholarships, sanctioned in Proceedings, dated 9th May 1882, No. 2256-9—L. 328, but no provision is made for the pay of 4 midwives to whom scholarships were sanctioned in the above Proceedings. A sum of Rs. 360 will be entered on this account in the Budget.

16. *V. Sweepers for Travellers' Bungalows, Musafarkhanas, &c.*—The marginally noted items newly proposed account for the increase in the estimate for 1893-94.

	Rs.
New items are:—	
(1) 3 Servants for Rangacharlu Chattram	204
(2) 1 Watcher for the Musafarkhana at Arsikere	84
(3) 1 Do Musafarkhana at Dudda	60
Total.....	348

17. *Item* 1—will be reduced to Rs. 120, as the establishment sanctioned for the Chattram in Government Proceedings, dated 1st March 1893, No. 14475-7—L. F. 171-92, consists of only 2 hands costing Rs. 10 per mensem.

18. *Item* 2.—The provision made for the watcher of the Musafarkhana at Arsikere also sanctioned in the above Proceedings will be passed.

19. *Item* 3.—As regards the provision of Rs. 60 made for the watcher employed to look after the Musafarkhana and Inspection Lodge at Dudda, it should be explained why the full pay of the watcher is proposed to be debited to Dis-

trict Funds, while the Executive Engineer proposed to debit a moiety thereof to the Public Works Department. The estimate will therefore be reduced to Rs. 30.

20. It is observed that the provision made includes the salary Rs. 84 of the sweeper employed in the Bungalow at Palya, which has been raised from III to II class. As the cost of the II Class Bungalows is chargeable to Provincial funds, this item will be struck out and in lieu thereof the cost of establishment, *viz.*, Rs. 144 sanctioned for the Bungalow at Banavar which has been reduced from II to III class, will be entered in the present Budget.

21. *Miscellaneous.*—Excluding the sum of Rs. 100 on account of cots transferred to "III Hospitals and Dispensaries," the provision made amounting to Rs. 3,134 consists of the following items:—

		Rs.
(1)	Purchase of Amrut Mahal bulls	450
(2)	Feeding do	384
(3)	Boats	150
(4)	Repairs to cattle pounds	2,000
(5)	Reserve	150

22. *Item* 1.—In Para XIII of their Proceedings, the Local Fund Board report that 3 bulls have already been supplied and a 4th is expected from the Amrut Mahal Department and that 3 more will be required for the District, and they accordingly provide Rs. 450 on this account. The provision is approved, and the Amrut Mahal Department will be requested to supply 3 more bulls to the Hassan District at an early date.

23. *Items* 4 *and* 5.—The provisions of Rs. 2,000 and 150 made are passed, subject to the submission of estimates or notifications of sanction for any expenditure to be incurred out of these allotments.

24. The Budget does not enter any estimate on account of the destruction of bushes and thickets which afford cover to snakes in accordance with Government Proceedings, dated 14th May 1892, No. 2849-58—Cir. 26. A sum of Rs. 1,000 will be entered on this account.

25. *I. Original Works.*—Owing to the insufficiency of funds, the estimates proposed for the *marginally noted 2 new roads will be struck out and the following reductions made in some of the other works to be executed by Public Works Department:—

A.	Works to be executed by Public Works Department	20,000
B.	Do by Revenue Department ...	
		20,000

1.	*Improving Bisle Ghat Road	2,000
2.	Constructing road from Yeslurpete to Changadahalli ...	1,000
	Total Rs.....	3,000

		Provision made. Rs.	Provision sanctioned. Rs.
(1)	Improving and metalling Dudda-Arsikere Road	5,000	2,000
(2)	Opening out and improving Arsikere-Huliyar Road	5,000	4,000
(3)	Constructing bridges and tunnels on Yelwal-Hassan road	2,500	500
(4)	Reserve for minor works	2,000	1,000

26. The Local Fund Board's proposal contained in Para 1 of their Proceedings requesting that the construction of Addahalla bridge may be undertaken at the cost of Provincial Funds, will be considered in the Public Works Department.

27. The estimate under "Repairs" to be executed by the Public Works Department consists of Rs. 7,770 on account of "Reserve for Minor Works" and Rs. 26,480 for the maintenance of roads. The former item will be reduced to Rs. 3,770. The latter includes maintenance allowance on account of the *marginally noted 2 roads newly undertaken by the Board in accordance with Paras 4 and 6 of their Proceedings of 3rd January 1893 and Rs. 139—1—0 which has to be paid to Hassan Municipality, under the Chief Engineer's Circular, dated 20th December 1889, No. 36—9, and shown under "Civil charges—IX. Estimated Receipts.

I. The usual Budget Estimates for the year 1893-94 from District Funds were placed before the Board duly prepared in the revised forms were passed. The estimated receipts being less than the actuals of 1891-92, it was explained to the Board that the actuals of 1891-92 show the collections of 15 months, but the estimate is formed on figures for 12 months.

Civil Charges.

II. The Budget Estimate of civil charges was placed before the Board and were passed as modified by the Resolutions Nos. VII, VIII, IX, XII, XIII, XV, XVI.

Public Works Budget.

III. The Budget Estimate of Public Works prepared by the Executive Engineer together with the Talukwar Expenditure statement for 1891-92 in form E were placed before the Board and passed with the modifications resolved in Nos. 1 to 7.

I. Original Works, Addahalla Bridge.

(1.) Read correspondence ending with Chief Secretary's No. 95-11—L. F. 282-92, dated 28th ultimo, on the subject of the grant required for constructing a bridge across Addahalla stream on Bisle Ghat road stating that it is not possible to allot funds from District Funds for such large work as the one under reference and observing that no allotment can be made on account of the bridge from Local Fund General which is specially reserved for drinking water wells, &c., and that the estimated balance in favor of District Funds at the end of June 1893, is only Rs. 39,363 as shown and this will be reduced by Rs. 20,261, if the application made for incomplete works of 1891-92 should be sanctioned.

Resolved after discussion that the condition of the ordinary District Funds does not admit the meeting of any such extraordinary charges—that even the balance available under the District Fund General is not large enough to permit any such contributions being made out of it. Considering the numerous demands of a purely local nature that have to be made upon it and that for the sole reason that the funds at the disposal of the Board are too meagre to meet this requisition. Government be requested to have the work executed from the Provincial Public Works provisions. The Board desired further to record their opinion that the work is a very essential and important one and would further promote the trade between the Province and the western Collectorates of the Madras Presidency and that therefore Government may be pleased to pass early orders for its execution.

Mallipatna-Chengadihalli Road.

(2.) After discussing the necessity of opening out this road and concurring with the opinion of the Executive Engineer, the Board resolved that before making any provision in the Budget, the Coorg authorities may be communicated with whether they would co-operate and make the road in their Territories for a distance of about 4 miles.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 24th April 1893.

Tunnels on Arkalgud, Gubbi and Bagur-Channarayputna Roads.

(3.) As regards works Nos. 9 and 10 proposed by the Executive Engineer and included in the list of original works, the President explained to the Board that the construction of tunnels on these roads was approved of by Government and funds allotted from the Local Funds General, *vide* Government Proceedings No. 935-7—L. F. 63-92, dated 20th July last. The Board resolved that these may be struck off the Public Works Budget.

Annual Repairs of Roads.—The Saklespur-Aréhalli Road.

(4.) In the matter of provision of Rs. 100 per mile made for the road from Saklespur to Aréhalli the Board resolved to sanction this provision, in as much as the road which was formed in the famine year has now become a very important and necessary means of communication, consequent on the extension of coffee cultivation and that the road in its present condition cannot bear the traffic that now moves upon it and that therefore its improvement and maintenance is an urgent matter.

The extension of Saklespur-Aréhalli Road.

(5.) Proposed by Messrs. Chandaiya, Amildar, and Tammaiya, Member, that the road from Saklespur to Aréhalli should be extended as far as Kagode to join with the Gonibide road. The Executive Engineer explained to the Board that the trace beyond Aréhalli to a point in the Gonibide road having not yet been determined, as there are 2 or 3 tracks, it was resolved that the matter of extension may be considered next year.

Railway Station Road, Banavar.

(6.) Read docket No. 945, dated 5th ultimo, from the Executive Engineer, requesting approval for maintaining the branch road from the Banavar-Belur road leading to Banavar Railway Station at an allotment of Rs. 50.

Resolved that the same may be included in the list of roads undergoing annual repairs.

Increase of allotment for Section of Hassan-Arsikere Road.

(7.) The President explained to the Board the necessity of raising the mileage allotment for the first ten miles of the Hassan-Tiptur road as far as Dudda, since there is much traffic on the road and that the present allotment is insufficient to meet the requirements.

Resolved with the concurrence of the Executive Engineer that the allotment of the road as far as Dudda, a distance of 10 miles be accordingly raised from Rs. 80 to Rs. 100 per mile.

Hanbaul-Devavrinda Road.

IV. Read Government Proceedings No. 5125-6—L. 634, dated 21st June 1892, on the subject of opening a road from Hanbaul to Devavrinda.

Resolved that as the fund at the disposal of the Board is very limited, the matter may be postponed for the present.

Road side.—Parapat on the Channapatna Tank Bund.

V. Read memo No. 1472, dated 26th September last, from the Executive Engineer, forwarding an estimate amounting to Rs. 1,567 for constructing parapet walls over the Channapatna tank bund leading to Holé-Narsipur, in accordance with the instructions of the Chief Engineer conveyed in the inspection note.

Resolved that there being no funds at the credit of the Board to meet this charge at present, the Government be asked to allot funds out of Local Funds General as the work is a very desirable one.

Necessity for additional Dispensaries.

VI. Read reports of the Amildars pursuant to circular orders issued on the question of establishing additional Dispensaries in places required, with reference to the proposal of the Executive Engineer Mr. Nagavkar.

The marginally noted villages being populous ones and situated in sickly tracts and somewhat distant from the Taluk Dispensaries were selected as places where Dispensaries are necessary in the District (*viz.*, in Aréhalli of Belur Taluk and Kouanur of Arkalgud Taluk) and that necessary application be made to Government in the matter.

Taking over of Rangacharlu's Memorial Chattram.

VII. Read Government Proceedings No. 4798-800—L. 581 of the 13th June 1892 on the subject of establishment required for the Rangacharlu's Memorial Chattram at Arsikere being added on to the list of Musafarkhanau.

Proposed by Mr. Madhava Rao, Amildar, that a sweeper and a watcher are necessary.

After some discussion the Board resolved to take over the building and further resolved that for a place like Arsikere, a Brahmin servant being also necessary provision may be made in the Civil charges Budget for a Brahmin servant on Rs. 7 in addition to a Sudra servant and Toti on Rs. 7 and 3 respectively.

Care taking of Dudda Musafarkhana.

VIII. A Musafarkhana and an Inspection Lodge at Dudda having already been built, a watcher was found necessary to look after the buildings and that in the current, one was appointed on Rs. 5 per month debiting half of his pay to the Public Works Department as proposed by the Executive Engineer.

Resolved that a provision of Rs. 60 at the rate of Rs. 5 per month for a watcher be made in the Budget as the moiety is paid from the same fund under two heads.

Care taking of Arsikere Musafarkhana.

IX. The Executive Engineer informed the Board that the new Musafarkhana near the Railway Station at Arsikere having been completed, a watcher or a sweeper may be appointed.

Proposed by Mr. Madhava Rao, Amildar, that both a watcher and a sweeper are very necessary.

Resolved that only a watcher on Rs. 7 may be appointed who should also keep the building cleanly swept, &c., and accordingly a provision of Rs. 84 be made.

Additional Hospital Assistant for Saklespur Dispensary.

X. Proposed by Mr. Srikantaiya, Member, that an additional Hospital Assistant is necessary for Saklespur Dispensary as only one Hospital Assistant at present cannot attend both the patients and the Coffee Planters who often require medical aid and call away the Hospital Assistant to their Estates.

The Assistant Surgeon informed the Board that an Additional Hospital Assistant is not necessary if a trained Compounder is appointed in lieu of the present one, who could attend in all ordinary matters.

Resolved that a qualified and trained Compounder may be appointed as soon as possible.

Conservancy of Shandy Bazaars.

XI. Mr. Krishnappa, Amildar of Arkalgud Taluk, proposed that for removing the sweepings of Shandy Bazaars some provision is necessary. Mr. Panchanatha Rao, General Assistant Commissioner, informed the Board that no charges need be incurred by Government and that one or two Raiyats may be allowed to remove and take away the sweepings for manure as is done in Halli Mysore of the Holé-Narsipur Taluk.

Resolved after discussion that where it can be arranged the right of taking away the sweepings for manure be sold, and where this arrangement cannot be made that a trial be given to the suggestion of Mr. Krishnappa, Amildar, and that the principal market places be swept by paid labour and such collection of rubbish be sold outright and that the cost of such labour debited against the provision made under "Sanitary and conservancy charges."

Scholarships for Midwives.

XII. Read Government Proceedings No. 7505-7—L. F. 255-92, dated 1st ultimo, sanctioning additional scholarships for 4 women to undergo training for midwives to Shimoga District at a cost of Rs. 480. Read also Government Proceedings No. 2256-9—L. 328, dated 9th May 1892, sanctioning 4 scholarships of like nature in the current year's Budget for this District.

Resolved that a provision of Rs. 240 be made in the Budget for 1893-94 for two more women to undergo training for the purpose so as to make 6 midwives for this District at the rate of one for each Taluk.

Supply of Breeding Bulls.

XIII. The President informed the Board that in accordance with the instructions contained in Government Proceedings No. 6999-7008—Cir. 723, dated 16th September 1891, 3 Amrut Mahal Bulls have been now received in the District and that another is expected shortly as intimated by the officer in charge of Amrut Mahal Department.

After discussion of the matter, the Board resolved that the Government be requested to order a supply of three more bulls which will make it 7 in all at the rate of one for each Taluk and Sub-Taluk

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 24th April 1893.

excepting the Manjarabad Taluk where it is not wanted being Malnad and accordingly a provision of Rs. 450 be made in addition to a sum of Rs. 384 to be made to meet the feeding charges of those already received, on the understanding that the average cost of maintaining each Bull would be about Rs. 8 per month.

Special Improvement in Cart Tracks.

XIV. Adverting to Government Proceedings No. 935-7—L. F. 93-92, dated 20th July last, sanctioning construction of some tunnels across certain village roads, the Board resolved to provide a lump sum of Rs. 2,000 for Special Improvement works of such tracks of which there are 7 in this District.

Rural Sanitation.

XV. Read para 3 of Government Proceedings No. 7259-66—L. 576, dated 25th September last, remarking that very little provision is made in the District Fund Budgets for conservancy and sanitation of rural parts and that such other charges as would tend to increase the health and comfort of people fall within the scope of District Funds.

The Amildars having misunderstood the object of the provision of Rs. 500 sanctioned in the current year's Budget to each of Taluks for the purpose, the President after explaining to them the above and defining the works falling under the head, desired the Amildars to arrange to spend the sum allotted in the current year's Budget.

The Board resolved that for 1893-94 a similar provision of Rs. 4,000 be made in the Budget of civil charges.

Provision for construction and repair of Cattle Pounds.

XVI. The President informed the Board that the provision of Rs. 800 for repairs of cattle pounds at the rate of Rs. 100 for each Taluk sanctioned in the current year's Budget, is not sufficient as there are numerous Buildings.

The Amildars of the Taluks represented to the Board that there are many pounds requiring urgent attention in the Taluks.

After some discussion in consideration of the Receipts from this source credited under District Funds, the Board resolved to allot a lump sum of Rs. 2,000 for the purpose for the District and desired the President to appropriate the sum in accordance with the requirements of Pounds in each Taluk.

Necessity for more Musafarkhanas.

XVII. Proposed by Messrs. Panchanatha Rao, General Assistant Commissioner, Subbarayalu Naidu, Parthasaradaiengar, Madhava Rao, Amildars, and Tammaiya, Member, that Musafarkhanas are necessary in the following places :—

(1.) Sulédévarahalli between Hassan and Belur.
(2.) Chikkanahalli between Saklespur and Belur.
(3.) Yadagaudanahalli between Kheria and Holé-Narsipur.
(4.) Kasaba Holé-Narsipur.
(5.) Nyamanahalli between Hassan and Holé-Narsipur.
(6.) Kanakatté in Arsikere Taluk.

The Board recognizing the necessity for Musafarkhanas in the above places resolved that these may be taken up when funds permit.

Bathing Ghat in Channarayapatna.

XVIII. Mr. Vasudeva Rao, Acting Amildar of Channarayapatna Taluk, proposed that a Bathing Ghat to the Channarayapatna Kasaba Tank, is very necessary.

Resolved that a lump sum of Rs. 500 be provided in the Budget under works to be undertaken by the Revenue Department.

Well in Cart stand in Channarayapatna.

XIX. Mr. Vasudeva Rao, Acting Amildar of Channarayapatna, represented to the Board that a well in the compound of the newly built Bandy-stand in Channarayapatna Kasaba is very much needed for travellers as the tank is not within easy reach for cartmen.

Resolved that a sum of Rs. 300 be provided in the Budget for the purpose under works to be undertaken by the Revenue Department.

P. N. PURNAIYA,
Dy. Commissioner and President.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 24th April 1893.

READ:—

Letter from the Deputy Commissioner of the Mysore District, dated 31st December 1892, No. 939, submitting the District Fund Budget Estimates of the Mysore Circle for the year 1893-94 ending 30th June 1894, together with a copy of the Local Fund Boards' Proceedings, dated 25th November 1892, approving of the same.

No. 17612-6—L. F. 30-92, DATED, BANGALORE, 24TH APRIL 1893.

ORDER THEREON.—Before reviewing the estimates submitted with the above Government regret to notice that the Budget Statements have not been carefully prepared. The demand under "76 per cent of Local Cess" for 1893-94 is given in column 4 of the Enclosure A to the Budget Statement as Rs. 50,293, to which the probable arrears at the commencement of the year, *viz.*, Rs. 17,400 entered in column 5 thereof being added, the total demand ought to be Rs. 67,693, and not Rs. 5,67,693 as erroneously exhibited in column 6; of course this is a mere clerical error. Moreover the estimate for the year 1893-94 is entered as Rs. 70,867 in column 7 of the Enclosure A, while the total demand under the head inclusive of the arrears is only Rs. 67,693. The total of the details entered in the Enclosure C does not correspond with the lump sum entered in the consolidated Budget and that the correct total of the provisions under "Public Works to be executed by Public Works Department" is Rs. 66,100 and not Rs. 66,000 as erroneously entered therein. The sanctioned estimates for 1892-93 under "I. 76 per cent of cess" and "II. and III. Sales and fines of cattle" amount to Rs. 60,000 and Rs. 4,978 and not Rs. 49,172 and Rs. 3,827 respectively as erroneously entered in the consolidated Budget. Such mistakes should be carefully guarded against in the future.

2. The estimated receipts for the year 1893-94 amount to Rs. 53,467 against Rs. 53,372, the actuals of 1891-92, and Rs. 66,319, the sanctioned estimate for 1892-93, as shown in the following abstract statement:—

Items.	Details.	Actuals of 1891-92.	Estimate for 1892-93.	Estimate for 1893-94.
I	76 per cent of Local cess	47,360	60,000	47,424
II	Sale of Stray Cattle	982	1,541	982
	Fees for feeding cattle	...	1,156	
III	Fines for Cattle Trespass	2,658	2,281	2,658
IV	Ferry collections	1,340	666	1,340
VI	Fees from Travellers' Bungalows	976	650	976
VII	Private contributions	...	...	...
IX	Miscellaneous	56	25	87
		53,372	66,319	53,467

3. *I. 76 per cent of Local cess.*—The total demand excluding probable arrears at the commencement of the year is given as Rs. 67,673, while the estimate proposed is only Rs. 47,424. The difference probably represents the balance which may remain uncollected at the end of the year. The Deputy Commissioner is requested to explain the cause of such large arrears and take steps for the speedy collection of the recoverable outstandings and report how much of the above arrears

can be recovered during 1893-94 in view to the estimate being raised. Pending information, the estimate will stand.

4. *II. and III. Fines and sale of cattle.*—The estimates do not represent the gross receipts but only the net income after deducting charges on account of remuneration to pound-keepers and feeding charges, &c. As under Government Proceedings, dated 17th March 1892, No. 14603-11—L. 1509, the gross receipts have to be shown under this head, provision being made on the side of expenditure on account of remuneration to pound-keepers and of fodder charges, &c., the amounts that have been deducted from the estimates on account of each of the items must be reported early in view to the enhancement of the estimates, which will be retained pending information.

5. *IV. Ferry collections.*—The estimate under this head, which is stated to include Rs. 400 expected from the ferry at Manchenhalli which the Board consider should be made over to the temple in the village, is based upon the actuals of 1891-92 and will be retained, pending the issue of final orders on a separate reference submitted by the Deputy Commissioner in regard to the claim of the Inamdar for the ferry collections.

7. *IX. Miscellaneous.*—The estimate comprising the marginally noted items will be retained; but it should be remarked that the revenue at present derived by the sale of manure is very insignificant. Now that conservancy of large and populous villages is undertaken at the cost of District Funds, steps should be taken to collect sweepings in them and weekly markets as well as in cattle pounds and develop this item of revenue by periodical sales.

	Rs.
(1). Sale of manure...	57
(2). Fees collected for crossing heifers ...	30

8. The estimated balance in favor of the Mysore Circle on 1st July 1893 is entered as Rs. 17,400; but the correct balance is only Rs. 2,057, as per particulars noted below:—

		Rs.
(1).	Actual balance on 1st July 1892	12,945
(2).	Estimated receipts for 1892-93	66,319
(3.)	Total, including balance	79,264
(4).	Estimated expenditure for 1892-93	77,207
(5).	Do balance on 1st July 1893 ...	2,057

9. Adding to the estimated receipts the above balance of Rs. 2,057, the sum available for expenditure during 1893-94 is Rs. 55,524; but the estimated expenditure exceeds this amount by Rs. 32,158. Owing to the insufficiency of funds, the Board propose the introduction of tolls on the Mysore frontier under Sections 60 and 87 to 92 of the Madras Local Boards Act V of 1884. That Act is not in force in Mysore, but the Deputy Commissioner is requested to submit a separate reference in regard to the subject explaining his views on the matter, when Government will be glad to consider the advisability of the proposal. Meanwhile the estimated expenditure has to be reduced considerably.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 24th April 1893.

10. *Civil Charges.*—The estimated Civil Charges for 1893-94 amount to Rs. 13,682 against Rs. 11,706, the sanctioned estimate for 1892-93, as shown in the following statement:—

Items.	Details.	Estimate for 1892-93.	Estimate for 1893-94.
I	Office Establishment	240	240
II	Medical Scholarships	377	377

VII	Vaccination	254	254
IX	Contribution	...	...
X	Miscellaneous	1,346	2,250
	Total.....	11,706	13,682

11. *Office Establishment.*—Including the sum of Rs. 50 entered under "X Miscellaneous" on account of batta to the Statistical Clerk, which should properly be shown under this head, the estimate amounting to Rs. 290 does not provide for contribution payable by the Mysore Circle towards the cost of Establishments maintained in the Dewan's and Comptroller's Offices. A sum of Rs. 190 will be entered on this account and the provision raised to Rs. 480.

12. *Medical Scholarships.*—The sanctioned provision for 1892-93 is repeated in the present Budget, while the sum that has to be entered in accordance with Government Proceedings, dated 24th December 1887, No. 5832-45—149, is Rs. 321.* This amount will be inserted in the Budget in lieu of Rs. 377 proposed under this head.

Sum to be contributed by Mysore Circle or $\frac{5}{13}$ of Rs. 521.	321

13. *III. Hospitals and Dispensaries.*—If the sum of Rs. 1,515 entered under "XI Miscellaneous" on account of the charges connected with furniture to Dispensaries and Her Highness the Maharani's Hospital at Mysore, which should be properly shown under this head, the total provision comes to Rs. 5,886, which is in excess of the estimate for 1892-93 by Rs. 1,531 in the items noted in the margin. The increase provided under items 3 and 4 which have been sanctioned in the marginally noted Proceedings, will be passed, but that proposed under item 1, will be struck out owing to insufficiency of funds, and the estimates for 1892-93 repeated in the present Budget. The travelling allowance to Hospital Assistants being chargeable to "Provincial," the item 5 entered in the Budget will be disallowed. The necessity for the repetition of provision of Rs. 150 on account of furniture for Dispensaries requires explanation. Pending

(2) Proceedings, dated 4th November 1892, No. 6271-3—L. F. 79-92.

information the item will stand disallowed. Thus the total estimate under the head will stand at Rs. 5,031.

14. *IV. Midwives.*—The provision newly made on account of the full pay of 2 midwives proposed to be employed, one for Tirumakudlu-Narsipur and the other for Heggaddevankote and Gundlupet, accounts for the increase provided. Pending the issue of final orders of Government on a separate reference which the Deputy Commissioner is desired to submit in regard to the proposed employment of 2 new midwives, the provision will be allowed to stand.

15. *IX. Contributions.*—No estimate is entered under this head in spite of the clear instructions issued in para 13 of Government Proceedings, dated 16th December 1892, No. 9945-7—L. 889. The amount payable to the Mysore City Municipality for the maintenance of roads within Municipal limits should be stated in view to the insertion of the necessary provision, corresponding reduction being made in the estimate under "Road repairs to be executed by Public Works Department."

16. *X. Miscellaneous.*—After deducting the sums transferred as remarked in paras 11 and 13 *supra*, the provision under this head comes to Rs. 685 comprising the following items :—

		1892-93.	1893-94.
(1)	Purchase of Amrut Mahal bulls	150	225
(2)	Feeding charges of do	...	180
(3)	Repairs to Cattle pounds ...	...	200
(4)	Destruction of snakes	...	80
			685

17. *Items* 1 *and* 2 are in accordance with Government orders and will be passed.

18. *Item* 3.—The provision made under "Repairs of Pounds" will be retained; but with reference to the remarks made in para 4 *supra*, the amounts that have to be entered on account of feeding charges of impounded cattle and remuneration to pound-keepers should be reported early, in view to the necessary provisions being made under this head.

19. *Item* 4.—The estimate under this head will be allowed to stand.

20. *I. Original Works.*—Owing to the inadequacy of funds, the provision made for new *roads will be struck out altogether and that for works in progress through the agency of the Public Works Department and reserve will be reduced as hereunder :—

		Rs.
*A.	Works to be executed by Public Works Department	29,800
B.	Do Revenue	8,000

	B. Works to be executed by Revenue Department—Wells ...	8,000	4,000

21. Owing to the limited funds at the disposal of the Board, they request that District Fund works be in the first instance executed out of Provincial Funds, on condition of the repayment of the amount advanced from Provincial Funds by easy instalments as funds become available, the object being to avoid the present

system of a number of works being in progress for several years with the small allotments which the District Fund Board could annually set apart for each. The proposal does not commend itself to Government and cannot be sanctioned. Instead of taking on hand several works simultaneously and making small allotments annually on each, works should be undertaken in the order of their importance and no new work be commenced before the completion of those in progress. Moreover, the Board complain of the insufficiency of funds for the proper maintenance of the existing roads and propose the introduction of tolls ; and if new roads are constructed, their maintenance will add to the annual cost of maintenance of roads. It is therefore a matter for consideration of the Board whether in the existing state of finances, it would not be better to undertake no new works, at all events till the finances of the Board should improve,

22. *II. Repairs.*—The provision of Rs. 19,335 will have to be reduced with reference to the remarks made in para 15 above. Owing to insufficiency of funds, items 2 and 3 will be reduced by Rs. 2,000 and Rs. 200 respectively.

1. Repairs	... Rs.	19,335
2. Reserve	... ,,	2,500
3. Miscellaneous Public Improvements	,,	500
		22,335

23. *Establishments.*—With reference to the reductions made under provisions for works, the estimate under this head, which is nearly 25 per cent on works, will be reduced from Rs. 13,100 to Rs. 6,784.

24. The other items call for no remarks.

25. Subject to the explanations called for, the Budget Estimates of receipts and expenditure for 1893-94 will stand as shown in the accompanying appendices, of which the following is an abstract :—

1. Read Proceedings of Government No. 6098-6106—L. F. 210-92 of the 1st ultimo about the meeting of the Board, six times a year.

Proposed by the President, seconded by Mr. Amble Annaiya Pandit and unanimously carried that the Board may conveniently meet once in three months, or in all, four times a year. Meeting once in two months is too early and inconvenient for the members to attend. The President suggested that the date of a quarterly meeting might be fixed at the previous sitting, so that it may fit in with the convenience of the members. The quarterly Public Works return of works in progress and those completed will be prepared by the Executive Engineer and circulated to the members. The Amildars should submit monthly returns of sanitary improvements needed and any proposals which they may wish to make to the Board should, before submission to the Board, have been circulated to the members of their Taluk for record of their observations. If need be and the members so desire, they may arrange to have a personal discussion, so that the whole matter may be ready for the Board at its quarterly meeting. The President further pointed out that reasons for the non-attendance of members are not properly brought to notice, and that the notices for the attendance of members should be sent through the Taluk Amildar, who will arrange to get them served in due course.

2. Proposed by Mr. Amble Annaiya Pandit that the Public Works Department should be directed by Government to undertake and complete each original road work expeditiously before taking up another, and that the cost thereof might be repaid by annual instalments out of the Local Fund Budget.

3. The members remarked that at present the amount provided for each original road work amounted only to a small fraction of the total estimate, and that the progress towards completion was very slow and took many years, the result being that a small quantity of work is done on a number of original works, that it would be more economical if one work could be taken up and finished at a time, the Government lending funds required, for rapid completion of that work, and having the loans repaid by instalments out of each year's Budget grant. It was finally resolved that the matter should be submitted for the consideration of Government.

4. The question was mooted whether in view to the better maintenance of District Fund Roads, which, owing to the paucity of funds could not be kept in as good an order as was desirable, it may not be advisable to institute a system of tolls on vehicles and animals at the Mysore frontiers on the several roads between Mysore and Her Majesty's Territory. The President suggested that the out-going carts need not be taxed, but that the in-coming ones might be.

The Board resolved to recommend the above proposal for the favorable consideration of Government and to invite their attention to Sections 60 and 87 to 92 of the Madras Local Boards' Act V of 1884.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 24th April 1893.

5. Read Budget Estimates of Receipts for the year 1893-94 together with those of actual collections for 1891-92.

The several items under this statement were read and explained ; the decrease of income under cattle pounds was noticed, and the attention of the Taluk Amildars was called to this and greater supervision and check enjoined.

6. Under the head Ferry Collections in the Yedatore Taluk, a sum of Rs. 910 has been entered. This, it was pointed out, included the sum of Rs. 400 realized by the sale of the ferry at Manchanahalli, an Inam village. Mr. Amble Annaiya Pandit pointed out that the realizations from the "sangada" prepared by the Public Works Department for that ferry, should be restored to the Muzarayi Department in favor of the temple at Manchanahalli, and the Executive Engineer agreed to the proposal.

It was resolved that the claim might be allowed in the terms of para 3 of Chief Commissioner's Proceedings No. 1851, Revenue 4, dated 3rd June 1875, on receipt of a formal application for refund.

With the above amendment the Receipt Budget was passed.

7. The Budget Estimates of expenditure were next placed before the Board and the following resolutions passed :—

Civil Charges.—The Civil Charges as per annexed statement amounting to Rs. 21,682 was passed by the Board. The charges as approved are the following :—

(1) A provision of Rs. 1,200 has been made for the portion of the charges of the Maharani Female Hospital at Mysore against Rs. 735 in the current year's Budget. This extra provision was made on a consideration of the actuals for the 15 months ending 30th June 1892, which amounted to Rs. 1,603 nearly.

(2) Under the Erangere Dispensary an increase of Rs. 16 has been entered. This is in accordance with the Order of Government in Proceedings No. 2038—L. 300, dated 5th May 1892, by which the post of waterman was abolished, and a sweeper on Rs. 4 per month, sanctioned instead.

(3) For the Indigenous Hospital opened at Mysore, a total establishment of Rs. 1,404 per annum, has been sanctioned in Government Proceedings No. 6271-3—L. F. 79-92, dated 4th November 1892, and hence two-thirds of that amount, *viz.*, Rs. 936 has been entered in the Budget.

(4) An extra provision of Rs. 60 has been added to the previous year's estimate under Travelling Allowance to Hospital Assistants, as from the actuals the item appeared to the Board to be on the increase.

(5) A similar extra provision of Rs. 54 has also been passed by the Board to meet one-third charges of medicines supplied to Her Highness the Maharani Hospital.

(6) A sum of Rs. 225 has been entered for purchase of breeding bulls, *i. e.*, Rs. 75 in excess of the current year's estimate. This was approved by the Board and is intended to cover the price of one bull at Rs. 150, and half the cost of another to meet any application from private parties offering to purchase the same, *vide* Government Proceedings No. 6999-7008—Cir. 183, dated 16th September 1891.

(7) A sum of Rs. 50 has been entered for batta to the District Fund Clerk based on the actuals of the past year and the Board approved of the same.

(8) A provision of Rs. 360 has been approved by the Board to meet the full cost of the pay of one nurse proposed for the Tirumakudlu-Narsipur and another for the two Taluks of Gundlupet and Heggaddevankote.

The Board remarked that in the Heggaddevankote Taluk, the services of a nurse would not be so very necessary as in other Taluks, owing to its thin and scattered population, and proposed that the nurse might be stationed at Gundlupet visiting the former whenever necessary.

(9) A sum of Rs. 180 has been passed for feeding expenses of 3 breeding bulls at Rs. 5 each per mensem. The bulls having been supplied only in 1892-93, an estimate of Rs. 30 has been entered as receipts from fees, to supply the want of actuals under this head.

(10) Rs. 80 have been provided in the Budget Estimates for destruction of snakes at Rs. 10 per Taluk. Rewards at 6 annas per cobra and annas 2 to 4 per snake of other classes destroyed, are paid in Municipal towns. The present provision is intended for payment of similar rewards outside Municipalities in the District.

8. In regard to the works to be carried out by the Revenue Agency, the Amildars suggested that a separate hand acquainted with Public Works Department routine should be appointed to each Taluk.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 24th April 1893.

The President pointed out that it was inconvenient to have a separate hand for a comparatively small number of works of a petty nature to be done in each Taluk, and suggested that a fair percentage, say Rs. 10 per cent, may be provided for petty supervision in view to the services of professional road Mestris being secured.

9. *Public Works.*—The Budget Estimates of Expenditure furnished by the Executive Engineer was next read to the Board which contained the following provisions:—

		Rs.
1.	Original works including Communications and Miscellaneous Public Improvements...	29,800
2.	Repair Works including Communications and Miscellaneous Public Improvements...	23,100
3.	Establishment at 25 per cent...	13,000
4.	Tools and Plant	100
	Total.....	66,000

The original and repair works, as proposed by the Executive Engineer, were passed. The establishment charge is in excess of 20 per cent, but the provision made for this and under tools and plant was allowed to stand.

10. It was suggested that some of the original works might be held in abeyance pending the settlement of the question of levying tolls and the execution of such original works out of the Provincial Funds, subject to reimbursement by periodical contributions from Local Funds, as stated in para 4. The above proposition was advanced by Mr. Amble Annaiya Pandit and seconded by the President and carried unanimously.

11. Mr. Davud Khan proposed that 2 Vaccinators should be appointed to each Taluk instead of only one already existing, and that the Vaccinators' work should be scrutinized by the Amildars who should direct the Vaccinators to such of the villages in the first instance as have not been visited for a long time and where vaccination is most needed, and to arrange for a regular visit by the Vaccinator village by village in the order of urgency. It was also observed that it was desirable to fix a minimum of vaccinations for each Vaccinator, and that no Vaccinator should get his full pay if he did not vaccinate 100 children per month.

Resolved that the proposition was a good one and it be submitted for the consideration and orders of Government.

12. Some of the members also suggested that men who knew something of medicine might be selected for appointment of Vaccinators. This was noted by the Board.

13. The question was again this year advanced of appointing Native Pandits for Vaidyasalas at Taluk Head-quarters.

It was pointed out that this proposal was still under consideration of Government, *vide* Proceedings No. 13690-711—Civ. 289 L. 370, dated 3rd March 1891, and that a beginning has now been made by the establishment of the Indigenous Hospital in the Mysore Town, the success of which has to be awaited before the proposal can again be pressed upon the Government.

14. The complaint of the raiyats of Naganahalli and Chendagal, &c., in the matter of the tunnels on the cross road to Mysore, was read to the Board. Considering that earth-work for a length of about 7 miles had been completed by the raiyats, the Board resolved to have the masonry tunnels, &c., required, executed from the District Funds during the previous meeting. But the work not having been included in the current year's Public Works Department Budget, the Board referred the matter to the Executive Engineer for early execution of the same, with the condition that when once the road is put in order, the annual maintenance thereof shall devolve upon the raiyats, and that Mutchalikas should accordingly be taken.

15. The new works proposed by the Amildars and other members at meeting and the resolutions of the Board thereon are stated in detail below:—

By Mr. Sivaji Rao, Member, Yedatore.

2.	Building a Musafarkhana or Chavadi at Saligram ...	200	It was suggested that an Inspection Lodge or Musafarkhana with suitable compound for a cart-stand was absolutely necessary, but as no suitable site was available, a sum of Rs. 200 was sanctioned by the Board from the funds for the acquisition of a site near Saligram and for erection of a cart-stand thereon.
3.	Bridging the waste-weir channel to the west of the Town of Yedatore ...	250	This was approved by the Board as it was a desideratum, and the same was referred to the Executive Engineer for early execution.

By the Amildar, Yedatore Taluk.

		Rs.	
1.	Repairing the Bathing ghat at Yedatore	500	This being situated within the Municipality, it was observed that the funds at its disposal should bear its cost.

4.	Bathing ghat at Hanasoge ...	200	The villagers, the Board remarked, should be left to do the work themselves.
5. Contribution of Rs. 250 and earthwork promised by raiyats.	750	The Amildar and the Non-Official Member of the Taluk being absent, the written propositions submitted by them were read, and the President pointed out that well works at the places recommended might be undertaken, save that at Bhimanahalli, where one is available. If another is required at that place for the use of the Police Constables, the same may be excavated in a suitable locality at the cost of the Police Department.
2.	Drinking water well at Bhimanahalli	200	
3.	Do at Kottige, Yedatore...	1,600	
4.	Well at Antersante ...	1,600	There is already a well in Antersante constructed at considerable expense and the Board remarked that they did not see their way to spend their money for another well at that place.

1. Repairing the katte at Attugulipura	... 372	12	0	The Board observed that an estimate should be framed and in the first instance referred to the Executive Engineer, Mysore Division, for opinion, as it was reported that the work was done some time ago by the Public Works Department when forming the road.
2. Do Kodivinakatte	... 500	0	0	The work, it was remarked, might be sanctioned on a report from the Revenue Sub-Division Officer as to the necessity for the same.
3. Well at Somavarpet	... 165	9	0	The village site being itself likely to be changed, the Board resolved that the work need not be approved and that the restoration of the pond, known by the name of 'Gomuka' situated on the road leading to Chikka Mole, might be undertaken instead, at a cost of Rs. 300.
4. Uthavalli Katte	... 100	0	0	It was remarked that the repairs needed to this tank should be done by the villagers concerned.
5. Haradanahalli Sanitary Improvement	... 200	0	0	The village being a large one, the Board approved of a sum of Rs. 200 being provided for its sanitary improvements.

6. Road from Jotegaudanpura at Chamrajnagar, suggested by Mr. Morris.

Owing to the want of funds, the Board remarked that the work might be held in abeyance for the present.

7. Cart-stand at Santemarahalli.

It was brought to the notice of the Board that Santemarahalli was infested with a sort of "Oonné" or tick infesting cattle, from the bites of which during the weekly fairs, the cattle were said to bleed profusely and to suffer otherwise.

Several suggestions were proposed by the members present to remove this pestilence, *viz.*, burning the surface ground, &c., and the President observed that, ploughing up the ground was preferable. In view to remove the sante to a more agreeable locality and to erect a cart-stand and a chavadi in front, the Board agreed to allot **Rs. 1,000** and proposed that a small fee might be levied from the traders for the up-keep of the same, and the proposal was carried.

8. Musafarkhana at Chamrajnagar.

In the event of His Highness the Maharaja being pleased to hand over the Nagarkhana of the old Palace at Chamrajnagar, the members thought that the same might be utilized with advantage as a Musafarkhana.

Resolved that the Palace Controller be addressed on the subject.

READ :—

Dockets from the Deputy Commissioner of the Kadur District, dated 2nd February and 22nd March 1893, Nos. 395 and 531, respectively, submitting the District Fund Budget Estimates of the Kadur Circle for the year 1893-94 ending 30th June 1894 together with a copy of Proceedings of the Kadur Local Fund Circle, dated 9th January 1893, approving of the same.

No. 17676-80—L. F. 47-92, DATED, BANGALORE, 26TH APRIL 1893.

ORDER THEREON.—The receipts of the Local Fund Circle for the year 1893-94 are estimated at Rs. 51,060 against Rs. 50,322, the actuals of 1st twelve months of 1891-92 and Rs. 71,380, the sanctioned estimate for 1892-93 as shown below :—

Items.	Details.	Actuals of 1891-92.	Estimate for 1892-93.	Estimate for 1893-94.
I	76 per cent of Local Cess	42,545	41,706	42,545
II	Sale of stray cattle	446	507	535
III	Fines from Cattle Trespass	3,167	3,305	3,795
IV	Ferry collections	1,793	2,326	1,800
V	Fees from Travellers' Bungalows	373	191	375
VI	Private contributions	1,980	2,320	1,990
VII	Grants-in-aid	...	21,000	...
	Miscellaneous	18	25	20
	Total.....	50,322	71,380	51,060

2. *I. 76 per cent of Local Cess.*—The estimate which is the same as the actuals of 1891-92 is retained ; but as the estimate represents only the demand for 1893-94 exclusive of any arrears at the commencement of the year and no figure is shown in column 5 of the Enclosure A of the Budget Statement intended to show the probable arrears at the commencement of the year, the Deputy Commissioner is requested to state whether no outstandings are expected to remain uncollected at the end of the current year ; why the column referred to is left blank ; and how much of such outstandings, if any, is likely to be collected during 1893-94.

3. *II. Sale of stray cattle and III. Fines for Cattle Trespass.*—The estimates under these heads are stated to include commission payable to Pound-keepers, hitherto left out of account ; but it is not clear whether they include also fees to be collected on account of fodder charges. If they do not include, the sums deducted on their account should be reported. Pending information, the estimates will stand.

4. *Grants-in-aid.*—No estimate is properly entered under this head, the grant of Rs. 21,000 shown as the estimate for 1892-93 having been sanctioned as a special case.

5. *Miscellaneous.*—The estimate includes a very small sum expected to be realized by the sale of manure and none whatever from fees to be recovered from raiyats for the user of Amrut Mahal bulls for breeding purposes. The omission in the latter case should be supplied. In regard to the former, it is observed that as liberal provisions are being made for the conservancy of rural parts, steps should be taken to see that sweepings in them as well as in market places and cattle-

pounds are accumulated and sold by public auction periodically in view to develop this item of revenue.

6. The opening balance is given as Rs. 5,531, but the correct balance in favor of the Circle would only be Rs. 450 as stated in Government Proceedings, dated 17th February 1893, No. 13857-9—L. F. 47-92.

7. Adding the above sum of Rs. 450 to the estimated receipts, the sum available for expenditure during 1892-93 is Rs. 51,510, whereas the estimated expenditure exceeds this amount by Rs. 4,363 as shown below. The estimate has therefore to be reduced :—

		Rs.
(1)	Civil charges	14,854
(2)	Public Works to be executed by Public Works Department	38,019
(3)	Do Revenue Department ...	3,000
	Total.....	55,873
	Deduct sum available.....	51,510
	Excess Expenditure.....	4,363

8. *Civil charges.*—The correct total of the estimates for 1893-94 amounts to Rs. 14,804 and not Rs. 14,854 as erroneously entered in the consolidated Budget Statement against Rs. 11,616, the sanctioned estimate for 1892-93 as shown below :—

Items.	Details.	Estimate for 1892-93.	Estimate for 1893-94.
I	Office establishments	420	420
II	Medical scholarships	611	521
III	Hospitals and Dispensaries	5,152	5,512

VIII	Refunds	...	...
IX	Contributions	53	...
X	Miscellaneous	1,105	2,000
	Total.....	11,616	14,804

9. *I. Office establishment.*—The provision made includes the salary of the additional Clerk sanctioned temporarily in Proceedings, dated 3rd May 1892, No. 1874-85—L. F. 292, but does not include the amount of contribution payable towards the cost of establishments maintained in the Dewan's and Comptroller's Offices. Owing to the increase of work in the Local Fund Branch of the Deputy Commissioner's office, the Board recommend the retention of the Clerk permanently. The proposal is sanctioned. A sum of Rs. 210 will be entered on account of contribution payable towards the cost of establishments employed in the Comptroller's and Dewan's Offices.

11. *Hospitals and Dispensaries.*—The correct total of the details given in the Enclosure D is Rs. 5,562 and not Rs. 5,512 as erroneously entered in the consolidated Budget Statement. The increase of Rs. 410 provided in the present Budget compared with the sanctioned estimate for 1893-94 is in the items noted in the margin.

15. *Item* 5.—The increase of Rs. 50 is due to the feeding charges to be incurred in connection with the recently sanctioned Dispensaries at Birur and Ajjampur.

16. *Item* 6. which is in accordance with the resolution No. 22 of the Local Funds Boards' Proceedings, dated 9th January 1893, will be allowed to stand, but before finally passing the allotment, the Senior Surgeon is requested to report upon the necessity for Dholies, which is not felt elsewhere.

17. *Item* 7.—As no travelling allowance to Hospital Assistants is payable from District Funds, the estimate under this head has been properly omitted in the present Budget.

18. *IV. Midwives.*—The provision consisting of the pay of 5 Midwives and of 2 Scholarships to pupils to undergo training as Midwives is in accordance with the Proceedings of the Local Fund Board and will be passed.

19. *V. Sweepers for Travellers' Bungalows &c.*—According to the detailed statement of sweepers, &c., now submitted, the estimated cost under this head is Rs. 3,252 only and not Rs. 3,264 as entered in the Budget and the difference, *viz.*, Rs. 12 is proposed to be utilized in giving an increase of 1 rupee to the sweeper at Sakrepatna. This proposal, which has not obtained the sanction of the Board, should form the subject of a separate communication and cannot now be sanctioned. The estimate proposed includes the marginally noted increases and the cost of establishments maintained in the 2nd Class Bungalows at Aldur, Balehonnur and Mudgere. The proposal to entertain a servant for the Musafarkhana at Attigundi will be approved, but his salary should be fixed at Rs. 5, the rate allowed to sweepers of some of the existing Musafarkhanas. Government are not however inclined to sanction the other increases recommended, as the salaries now drawn by them are quite ample. The provision made for the same and for the salaries of the servants of the 2nd Class Bungalows referred to, which are chargeable to Provincial Funds under Para 23 of Government Proceedings, dated 6th October 1891, No. 7645-56—L. 622, will be struck out and the estimate reduced to Rs. 2,676.

(1) No. 8187-94—L. 648, dated 29th October 1891.
(2) No. 2849-50—Cir. 25, dated 14th May 1892.

21. *IX. Contributions.*—The sum of Rs. 53, being the contribution payable to the Chikmagalur Municipality on account of the maintenance of 2 District Fund Roads in the town in accordance with Para 3 of Government Proceedings, dated 24th March 1892, No. 15109-11—L. 1608, appears to have been erroneously included in the estimate under "Public Works Repairs to be executed by Public Works Department." The sum of Rs. 53 will be entered under this head, corresponding reduction being made in the estimate under "Repairs to be executed by Public Works Department."

22. *X. Miscellaneous.*—The estimate under this head, consisting of the marginally noted details, does not include any amount, which has to be entered for the destruction of cover afforded to snakes in and around villages in accordance with Government Proceedings, dated 14th May 1892, No. 2849-58—Cir. 26. A sum of Rs. 1,000 will be entered in the Budget. The Deputy Commissioner is requested to take steps for the judicious utilization of the amount in the several Taluks of the District and to submit bills of charges actually incurred from time to time.

From the Executive Engineer, Kadur Division, To the Deputy Commissioner, Kadur District, General No. 253, dated, Chikmagalur, 16th December 1892.

His No. 94, dated 17th instant, giving cover to Government Proceedings regarding reduction of provision in the District Fund Budget.

In reply has the honor to inform that the provisions made in the statement are all for works now progressing on estimates already sanctioned with the exception of item No. 44 for Bababudan Hill road and special repairs Shimoga-Yedahalli road. Rs. 1,000 sanctioned under reserve original works are also required for incomplete petty works of last year and other urgent works, it is therefore quite necessary that Rs. 10,000 sanctioned already should be left untouched.

Similarly the grants under repairs are based on fixed mileage rates for the maintenance of existing roads, which in most cases also stand in need of special repairs, and reduction under this head is not feasible, but Rs. 1,500 as shown in the statement together with special sums asked for other roads (Sollebail-Balehole and Shimoga-Yedahalli) amounting to Rs. 3,500 or Rs. 5,000 in all, will be indispensable.

---

1. Read and explained Proceedings of Government No. 7421-23—L. F. 47-92, dated 1st December 1892, regarding the curtailment of Rs. 13,050 in the Budget for 1892-93 on account of extra expenditure incurred in 1891-92.

Read also correspondence ending with Executive Engineer's No. 253, dated 16th December 1892, (copy enclosed) to the effect that no deductions in the sanctioned allotments are possible, compatible with the requirements of works and efficient maintenance of roads.

The President having explained that no reduction could be made in the allotments under Civil Charges or under Public Works, (to be executed by the Revenue Department), the Board resolved that in these circumstances the balance of Rs. 5,531 be retained with the understanding that Rs. 13,050 had been made available, or availed of, during 1891-92.

Further resolved that Government be requested to allot such funds as they may consider necessary, to render possible such adjustments as may be found desirable.

2. Read and explained the statement showing the estimated assets for the year 1893-94.

Noted.

The balance on 1st July 1893 as per Government Proceedings No. 1874-85—L. 292, dated 3rd May 1892, and No. 9060-3—L. F. 149-92, dated 22nd December 1892, is found to be Rs. 5,531; adding this to the probable receipts, namely, Rs. 51,060 for 1893-94 as estimated for, the total assets available is found to be Rs. 56,591.

3. Read the statement Civil charges sanctioned for the year 1892-93.

Noted.

4. Read Government Proceedings No. 1874-85—L. 292, dated 3rd May 1892, requesting to report whether the retention of the additional Statistical Clerk on Rs. 15 per month is absolutely necessary and whether other arrangements could not be made to do his work.

Resolved that as the work of the Local Fund Department in the Deputy Commissioner's Office is very heavy owing to increase of correspondence and that as one hand cannot manage the whole work efficiently, Government be requested to sanction the retention of the additional Statistical Clerk and as a permanent measure.

5. Read Government Proceedings No. 5015-6—L. F. 4-92, dated 10th October 1892, enquiring whether the Local Fund Board is willing to bear $\frac{3}{4}$rd cost of Rs. 632, or Rs. 422, consequent on the establishment of a Dispensary for women and children in the Chikmagalur Municipality.

After much discussion as to the usefulness or otherwise of such a Dispensary, it was resolved by a majority of the members that $\frac{3}{4}$rd cost of Rs. 632 be paid from the District Funds.

6. Proposed by the Civil Surgeon that 3 more midwives be appointed, the total number being raised to 5, which would give one for each Taluk.

The President explained that there was a provision in the Budget of 1892-93 for 2 midwives on Rs. 20 each per month, that one had been entertained and that another would be appointed as soon as a suitable person was found.

Resolved that according to the opinion expressed by Colonel Campbell, the then Deputy Commissioner, in a previous meeting, and as the Board concurring in his views, considers that their services were, not to say absolutely necessary, such that the country would feel it as a great boon conferred on it, provision be made for 3 more midwives in addition to the two already provided for, and that they be appointed in the following circles:—

Locality.		*Circle.*

Tarikere	...	1
Mudgere	...	1

7. Proposed by the President that the provision of Rs. 240 on account of 2 medical scholarships be met.

Resolved that, as was done in the last year Rs. 240 at the rate of Rs. 10 per mensem for each scholar be provided for.

8. Proposed by the President and Amildars in a body, that a large sum be provided on account of sanitary improvements of villages in accordance with Government Proceedings No. 8187-94—L. 648, dated 29th October 1891 and Proceedings No. 2849-58—Cir. 26, dated 14th May 1892.

Resolved that, as the sanitation of rural parts, which is of primary importance, is much neglected, and that it is further desirable to remove thickly grown lantana, aloe, &c., which give shelter to reptiles, a sum of Rs. 1,500 be provided for as in other Districts and distributed among the Taluks as noted below:—

Mudgere	...	300
Koppa	...	500

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 26th April 1893.

9. **Amrut Mahal Bulls.** The President pointed out that out of Rs. 805 sanctioned for 1892-93 only about Rs. 430 having been spent, no extra funds be provided for on account of purchase of bulls, but that a small sum be set aside for feeding charges.

Resolved that the balance be spent in purchases and that Rs. 200 be provided for on account of feeding charges.

10. Read Senior Surgeon's Docket No. 2106, dated 25th May 1892, stating that, if practicable, 2 chairs be supplied to the Dispensary at Yedahalli.

Resolved that a provision of Rs. 8 for 2 chairs be made.

11. Read Senior Surgeon's Docket No. 1947, dated 25th November 1891, forwarding estimate of articles required for Sollebail, Kadur, Tarikere, Yedahalli and Koppa Dispensaries.

Resolved that Rs. 150 be provided for the purpose.

12. Read Civil Surgeon's Docket No. 1014, dated 22nd November 1891, regarding the increase of pay of waterman of the Yedahalli Dispensary.

Resolved that as the pay of waterman in all places is Rs. 2, no increase should be allowed, as it would create a bad precedent.

13. Proposed by the Koppa Amildar that the pay of sweeper of the Hariharpur Bungalow be increased from Rs. 5 to 7, as he would then be able to secure a person who would attend to the sweeper's work as well as that of a scavenger.

Resolved that the increase be granted, with the understanding that the man will do both as Sweeper and Scavenger.

14. Proposed by the Koppa Amildar that the pay of sweeper of the Yedahalli Bungalow be increased from Rs. 5 to 7 on the above ground.

Resolved that the increase be given,

15. Proposed by the Mudgere Amildar that the pay of the sweeper of the Mudgere Musafarkhana be increased from Rs. 6 to 7 on the above grounds.

Resolved that the increase be given.

16. Proposed by the Mudgere Amildar that the pay of the Dandi of the Mudgere Bungalow be increased from Rs. 4 to 6.

Resolved that as the pay of the Dandi is generally Rs. 6 in the Malnad, the increase asked for be granted.

17. Proposed by the Executive Engineer that the Inspection Lodge at Attigundi in the Chikmagalur Taluk be treated as a Public Bungalow of the class of those at Mallandur and Aniganahalli, and that a watchman be appointed to look after the same.

Resolved that the Bungalow be recognized, and that a watchman on Rs. 6 per month be appointed.

18. Proposed by Mudgere Amildar that the pay of the watchman in the Bungalows of Sampigekan, Balehole and Kotigehar be increased from Rs. 6 to 7.

Resolved that as the pay of watchman in other places is only Rs. 6, no increase can be given as proposed.

19. Proposed by the Koppa Amildar that a Kotwal on Rs. 8 per month be appointed for Sollebail and one for Hariharpur.

Resolved that the Government orders be awaited regarding the classification of the Bungalows according as they are situate on Provincial or District Fund Boards and regarding the scale of such establishment.

20. Proposed by Mr. Fernandes and Koppa Amildar that a Dispensary be established at Sringeri and maintained from District Funds as it would be useful both to the people of the Jahgir and the Sarkar villages around in Koppa and Mudgere Taluks.

Placed before Board correspondence ending with docket No. 982 of 1887 to the Senior Surgeon, stating that the Matt would or could not bear all expenses connected with a Dispensary.

The Koppa Amildar stated that the Matt and the Municipality together would bear half the charges.

After much discussion it was resolved that the Government sanction be solicited for a contribution of one-fourth of the cost of the Dispensary being met from District Funds on condition that the remaining three-fourths be borne by the Matt and the Municipality together (in such proportion between them as may be considered expedient before finally deciding the question) as the Dispensary will be of great use to the Government villages of Kigga, Kere and Nemmar Maganis of the Koppa Taluk, beyond the Sringeri Jahgir, and others who may find it convenient to visit the place, and indispensable in a place like Sringeri, always more or less sickly and thronged by pilgrims.

21. Proposed by Mr. Clifford that a Dispensary be established at Balehonnur and maintained from District Funds.

Resolved that Government be addressed on the subject.

22. Proposed by Mr Ganesh Rao that the Dholis costing Rs. 20 each be supplied to all the 11 Dispensaries of the District to carry sick persons.

Resolved that such a provision of Rs. 220 be made; Mr. Ganesh Rao being thanked for his good suggestion. The Civil Surgeon strongly upheld it.

Cattle Pounds.

23. Read and explained by the President Government Proceedings No. 3546—L. F. 151-92, dated 2nd September 1892, and 5383-5—L. F. 95-92, dated 17th October 1892.

Resolved that Rs. 1,500 be provided for repairs of cattle pounds, &c.

Summary.

As detailed in Enclosure D, the charges of Civil Department for 1893-94 amounted to Rs. 14,854.

Deducting the Civil charges from the total assets, a sum of Rs. 41,737 is thus available for Local Fund Works to be executed by the Public Works Department and the Revenue Departments.

After much discussion it was unanimously resolved that 6 meetings be held in the year, two half-yearly important meetings being held at Head-quarters and the other 4 meetings at different convenient centres in the District, making it optional for distant Taluk Amildars and members to attend such meetings or not so that the accounts of such Taluks as may conveniently fall in such centres, be checked and works inspected, thus extending the usefulness of the Board. Further resolved that, pending approval of Government to such a measure, the next meeting be fixed to take place at Kadur in the month of March next (1893).

Proceedings No. 313-4½—M. F. 115-92, dated 10th January 1893, directing the suspension from Office of Amildar Lakshminaranappa and Muzarayi Gumasta Sivaramaiya in connection with a case relative to the temple of Lakshminarayanaswami at Seringapatam.

READ ALSO :—

Letter No. A, dated the 19th March 1893, from the Deputy Commissioner, Mysore District, submitting the explanations of the Officials above named.

No. 17401-2—G. F. 435-92, DATED, BANGALORE, 21ST APRIL 1893.

ORDER THEREON.—The Government have very carefully considered the explanation submitted by the Amildar Lakshminaranappa regarding his conduct in returning to one Tippa Shetti certain valuable securities which formed part of the endowment of Lakshminarayanaswami, Sri Ramadevaru and Srinivasadevaru temple at Seringapatam, founded by the late Venkatanarain Shetti, and which were in deposit in the Seringapatam Taluk Treasury.

2. The established facts, which are relevant to the question of the Amildar's responsibility are as follows :—

1*st*.—One Venkatanarain Shetti built a temple at Seringapatam, dedicated it to Lakshminarayanaswami, Sri Ramadevaru and Srinivasadevaru, and set apart certain funds for the due performance of worship therein.

2*nd*.—On 16th October 1890, the said Venkatanarain Shetti applied to the Amildar of Seringapatam that the said temple and the funds set apart for it should be taken under Government management "so that the charity founded by him might not fail through the mismanagement, &c., of his heirs." The Amildar entertained this application and Venkatanarain Shetti promised to produce the documents relating to the endowment.

3*rdly*.—Accordingly Venkatanarain Shetti on 16th December 1890, produced at the Taluk Cutcherry 17 documents with a list specifying them. These 17 documents and list were duly secured in the Taluk Treasury. At the same time (16th December 1890) a deposition was taken from Venkatanarain Shetti by the Taluk Sheristadar, and in this deposition he stated, fully, his wishes as to how the temple should be managed by the Government and how the proceeds of the endowment should be applied. He also added, that, should he thereafter give more money or lands to the endowment, the same should be dealt with in accordance with his wishes in regard to the 17 documents already delivered. This deposition was acquiesced in by his adopted son Tippa Shetti.

4*thly*.—After this the matter was reported for the Orders of the Sub-Division Officer at French Rocks, and that Officer, by Order of 23rd June 1891, directed that the temple and its funds be taken over and managed by the Government as desired by Venkatanarain Shetti.

5*thly*.—Shortly after this the Deputy Amildar proceeded to the temple to take charge of it and then Venkatanarain Shetti handed over to him formal possession of the temple and its belongings, in the shape of ornaments, utensils, &c., and at the same time gave also (by way of an addition to the endowment described in his deposi-

tion of 16th December 1890) 4 documents and a house. The documents thus given were:—

(1)—from Yejman Tirumalaiengar, dated 26th January 1891, for Rs. 50;

(2)—from Vina Subbanna, dated 15th April 1891, for Rs. 3,000;

(3)—from Kalyane Gauda, dated 20th March 1891, for Rs. 250; and

(4)—Indemnity bond from Chelve Gauda, dated 20th March 1891, for due repayment of Rs. 250 by Kalyane Gauda.

The recitals in every one of these documents was to the distinct effect that the money secured by it belonged to the temple endowment.

The house handed over was in possession of a tenant Nanjappa, Registration Gumasta, and Venkatanarain Shetti wished it to be regarded and used as a part of the temple property.

The Deputy Amildar who took charge of the temple, its ornaments and utensils, and the additional endowment as above stated, says that he took a deposition from Venkatanarain Shetti on that occasion and caused a proper list to be prepared of the items of property of which he obtained possession. Both deposition and list are now not forthcoming and the date of this proceeding is not therefore ascertainable. It must have taken place after the date of the Sub-Division Officer's Order of 23rd June 1891, and before Venkatanarain Shetti's death on 6th November 1891. The four additional documents above referred to were all duly deposited in the Taluk Treasury.

6*thly.*—On 6th November 1891 Venkatanarain Shetti died.

7*thly.*—On 23rd November 1891, prohibitory notices were issued from the Taluk Cutcherry in respect of the land and money secured by the 17 documents delivered on 16th December 1890 and the 4 documents delivered on the second occasion, and also as regards the rent of the house given on the latter occasion.

8*thly.*—On 13th April 1892, Tippa Shetti, adopted son of Venkatanarain Shetti, applied to the Amildar for the return to him of Vina Subbanna's bond for Rs. 3,000 and Kalyane Gauda's bond for Rs. 250 and of the house at Seringapatam, on an allegation that they were not included in the list, dated 16th December 1890, of property handed over to the Government and had not been given to the Government. The Amildar thereupon ordered as follows:—

"He said two documents not having been made over to Sirkar for (the benefit of) the temple, notices should not have issued (regarding them). The documents should be returned to this Tippa Shetti. House is not in our possession. The notice is hereby cancelled."

9*thly.*—Accordingly on the same day, the Amildar returned to Tippa Shetti

(1).—Vina Subbanna's bond, dated 15th April 1891, for Rs. 3,000;

(2).—Kalyane Gauda's bond, dated 20th March 1891, for Rs. 250, with Chelve Gauda's Indemnity bond in respect of the same.

10*thly.*—The Amildar followed up his action as above by a report, dated 20th May 1892, to the Sub-Division Officer, recommending Tippa Shetti's offer to take back the 17 documents delivered on 16th December 1890, and paying in lieu of them Rs. 12,500 which

could be invested in the Government Savings Bank. This report did not mention that the house and Vina Subbanna's and Kalyane Gauda's bonds had been returned on 13th April 1892,

and 11*thly*.—Tippa Shetti received from Vina Subbanna on 25th August 1892 interest up to date and also Rs. 1,000 out of the principal. He is also reported to have sold the house to the tenant, Nanjappa, since the Amildar's Order of 13th April 1892.

3. The foregoing facts give a very unfavourable complexion to the Amildar's conduct in returning to Tippa Shetti Vina Subbanna's and Kalyane Gauda's bonds, which were in deposit in the Treasury, and in cancelling the prohibitory notice of 23rd November 1891 which had been issued to the tenant of the house. His explanation is that the endowment list of 16th December 1890 did not include these items of property and that he did not know at the time that they formed part of the endowment. Assuming that this explanation is honest, it is nevertheless not possible to acquit him of very gross carelessness and a culpable neglect of his ordinary duty. From the one single fact that the items of property in question were not in the list of 16th December 1890, he seems to have come to the conclusion that the Government had no right to keep them. Any man of common sense and ordinary prudence would have thought it necessary to enquire how, when and why the bonds came to be in the Government Treasury, for a Government Treasury is surely not a place into which stray items of property with which Government have no concern find their way. When Tippa Shetti made the extraordinary allegation that the items of property in question had never been delivered to the Government, it would have occurred to any reasonable man to call upon him to account for the Government coming to be in possession of them; but the Amildar dispensed with all such enquiry and was content to accept the fact that the list of 16th December 1890 did not include the property in question as sufficient confirmation of Tippa Shetti's allegation of non-delivery to Government. That a list showing the delivery of the property in question to the Deputy Amildar on the second occasion was not forthcoming, and that the Amildar was unaware of its having been in existence is pleaded in justification of the Amildar, but this plea is utterly of no value under the peculiar circumstances of the case. A list or deposition from Venkatanarain Shetti is of importance only as evidence of the voluntary gift by him of the property in question as part of the endowment. But what can be better evidence upon this point than the express recitals in the documents themselves which show that the money secured by them actually belonged to the temple and not to the personal estate of Venkatanarain Shetti which his heirs could claim? When these recitals in the documents were pointed out to the Amildar by the Dewan, he pleaded that he was ignorant of them, for he had not taken the trouble to examine the documents he was returning. He further pleaded that he did not even know the dates of their execution, for, it is evident, had he known these dates, he should also have known that they were all executed long after 16th December 1890, that they could not possibly have been included in the list of the last mentioned date, that they must have come into Government possession at some subsequent date, that there must be some good reason for their thus coming into the possession of the Government and so on. Moreover, it is not clear why an official of the Amildar's experience and intelligence thought it justifiable to disobey, in this instance, the ordinary rule of Treasury procedure which prohibits the return of anything admitted into a Government Treasury without the sanction of competent authority.

4. Under such circumstances, and after giving the case their best consideration, the Government are compelled to conclude that the Amildar's conduct in returning to Tippa Shetti the deeds executed by Vina Subbanna and Kalyane Gauda, and in releasing in Tippa Shetti's favour the house at Seringapatam, was the result either of a desire to help Tippa Shetti at the expense of the temple, or of the want of that degree of common sense and prudence which the Government has a right to expect on the part of its officers. If there was the desire to help Tippa Shetti, and thereby cause an unlawful gain to him or unlawful loss to the

temple, then the Amildar's conduct would be distinctly dishonest. If there was merely the want of prudence and common sense on his part, that would make it inexpedient to entrust him any longer with any responsible public duty. The Government are willing to believe that there was no actual dishonest intention on his part, but they are unable to retain him longer in the public service with the facts which have been proved against him. And having regard to his long service extending over 30 years and his general reputation for honesty and efficiency, they resolve to retire him on pension with effect from the date of his suspension.

5. The Government much regret that there has been such grave misappropriation as has been brought to notice in this case in respect of funds entrusted to them for the maintenance of a religious charity. The founder placed the management in the hands of Government, in order, as he put it, "that the charity founded by him might not fail through the mismanagement of his heirs." He apparently feared misappropriation by his adopted son Tippa Shetti from whom he had long been divided, and accordingly took the precaution of placing the funds of the charity in the hands of the Government and thus died in peace and comfort. In spite of all this, the identical misappropriation which he feared has actually happened, all through the recklessness of an Amildar. The Deputy Commissioner in the Muzarayi Department must proceed to recover from Tippa Shetti such portion of the endowment fund as he has misappropriated under colour of the Amildar's Order of 13th April 1892, and, should there be any deficit not recoverable from him from any cause whatsoever, the same must be made good by Amildar Lakshminaranappa.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

APRIL 1893.

Appeal No. 91 of 1891.

Appellant .. Venkatrambhatta, by Mr. Sitaramaiya.

This is an appeal against the order of the Deputy Commissioner of Tumkur, declining to grant Survey No. 38 in the village of Mallenhalli, Maddagiri Taluk, to the Appellant, for cultivation, on the ground that though the land was not shown as Gomal in the Faisal Patrik, yet it had been as such entered in the Khetwar and used by the raiyats, who object to its being given out for cultivation.

2. The Appellant contends that the land is not Gomal.

3. The Deputy Commissioner was asked to report in the prescribed form, the total area of Gomal land in the village. From the report submitted by the Deputy Commissioner, it appears that the number of cattle in the village is about 193 and that the Gomal of the village consists of:—

		Acres.	Guntas.
(1)	Survey No. 54 measuring	169	16
(2)	Do No. 38 do	16	11
	Total.....	185	27

4. As No. 54 measuring 169 acres 16 guntas is sufficient for Gomal purposes and as a portion of the Appellant's Inam land was, during the Survey settlement, added on to No. 38, the Government are pleased to sanction the whole of No. 38, measuring 16 acres 11 guntas, being assessed at the rates borne by lands of similar quality in the village and given over to Appellant.

Appellant.	*Vs.*	*Respondent.*
Srikantasastri.		The Jahgirdar of Sivasamudram, represented by the Amildar of Malvalli.

Appellant holds some lands in Rampur Agrahar attached to Purigal, a village belonging to the Jahgirdar of Sivasamudram, now under Government management. He was found to owe assessment to the Jahghirdar, Rs. 8—2—2 on account of Vishu (1881-82) and Rs. 0—14—0 on account of Vikriti (1890-91), and on his being threatened with coercive process, he paid the same to the Amildar in 1891. He now complains that he did not owe the money and states that, if he did really owe the money, the Jahgirdar would have included it in the suit he brought against him in 1888. On this ground, he claims the refund of the money paid.

2. The claim for the assessment (Rs. 8—2—2) due for Vishu (1881-82) is clearly barred by limitation. It is, moreover, not explained why this sum was not included in the suit which was brought in the Civil Court for the assessment due for the subsequent years. The said amount together with any costs if incurred separately for the recovery of the amount should be refunded to the Appellant.

3. The contention as regards the assessment Rs. (0—14—0) due for Vikriti (1890-91) is inadmissible. The appeal as regards this sum is rejected.

Appeal No. 156 of 1891.

Appellant.	*Vs.*	*Respondent.*
Lingamma.		Venkatramaiya.

The appeal is against an order of the Deputy Commissioner of Hassan, directing that, as agreed to by the Appellant, the Respondent (who at first held the office of the entire Firka of Midehalli consisting of 11 villages, under an arrangement entered into by Appellant's husband, and afterwards shared it with him taking for himself Bettada, Alur and 5 other villages, and leaving to Appellant's husband Medihalli and 4 other villages) be appointed Shanbhog of the Medihalli scale in lieu of the Bettada Alur scale. The Appellant urged that her consent was not free.

2. On the date fixed for hearing, neither Appellant nor Respondent appeared in person or by pleader. The proceedings do not support the Appellant's allegation, that her statement, dated 29th June 1891, was *not* made voluntarily. The Deputy Commissioner's order appealed against sanctioned the amicable arrangement entered into between the parties, which secures to Nanjundaiya, the minor son of Appellant, the hak appertaining to Bettada Alur Firka when he attains majority.

3. The appeal is dismissed.

Honnappa, by Mr. Venkatramaiya.		Naranaiengar, by Mr. Ramaswamichetti.

The dispute is in regard to the Shanbhogship of Chikkolale Firka of the Belur Taluk.

2. Both Nanjundaiya and Virupaiya, who were the hakdars, were convicted of having committed Criminal Breach of Trust and forfeited their hak, and the present Respondent was confirmed in the Shanbhogship by an order of Government, dated 28th August 1885, No. 3100—120. The Appellant, who is Virupaiya's divided brother, preferred a claim to the office in 1887, on the ground that his father Bhaskaraiya obtained the office by gift from his maternal grand-father Puttanna and his sons. The alleged gift, even if true, was not followed by possession, as it is proved and admitted that Nanjundaiya and his father were in possession and enjoyment of the office for more than 30 years prior to 1885, when Naranaiengar

became the Shanbhog. The present claim of Appellant Honnappa is, therefore, inadmissible.

The appeal is dismissed.

Haritala Ramappa of Harital, Nagar Taluk, by Mr. B. Srinivasaiengar.		Sidlingaswami.

This is an appeal against the order of the Deputy Commissioner of Shimoga, dated 3rd July 1891, permitting Respondent to divert to his tank a portion of the water flowing in the Appellant's channel into a tank owned by the Appellant.

2. In 1887 the Respondent attempted to divert the water of the said channel by digging a channel over land No. 26 allowed as free grazing land, but, upon complaint preferred by Appellant, the then Deputy Commissioner inspected the spot, fined Respondent Rs. 2 and ordered the new channel to be filled up. The Respondent having urged before the present Deputy Commissioner that water in excess of the Appellant's requirements was flowing through his channel into a Nalla without use to anybody, that officer passed the order appealed against, allowing the Respondent to take off from the old channel of the Appellant, a branch channel 2 feet higher than the floor of the old channel, so that the branch channel may come into action only in exceptional seasons of a heavy rain-fall.

3. As the old channel feeds the Appellant's tank, any diminution of the flow of water in it must necessarily injure appellant's rights. The Appellant's tank may be quite empty and the entire flow in the old channel from a shower of rain may be necessary to fill it fully, and a flow 2′ deep under the Deputy Commissioner's arrangement may only partially fill it. Under such circumstances the Deputy Commissioner's order appealed against is cancelled, and the former Deputy Commissioner's order directing non-interference by the Respondent with the old channel is hereby restored.

MUZARAYI.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Muzarayi),—dated 25th April 1893.

READ :—

The following letter No. 2538—604, dated 17th February 1893, from the Deputy Commissioner, Kolar District.

I have the honor to state that Bairappa, a well known Patel of Konapalli, Chintamani Taluk, and his brothers Ramanna and Irappa, have at their own expense constructed a temple dedicated to Kodanda Ramaswami at that village, and have founded a chattram on the Chintamani-Sidlaghatta high-road for the use of travellers.

2. They wish to deposit Rs. 14,000 in Government Treasuries under the Rules contained in Government Proceedings No. 492-500—22 of the 9th August 1892, and to utilize the interest thereon for the benefit of the religious and charitable Institutions as particularized in the margin

Rs.	
50	for the annual Car festival of the Kodanda Ramaswami Temple.
542	for feeding and distribution of raw rations in the Chattram.
108	for the pay of 4 servants attached to the Chattram at Rs. 9 per mensem.
Total Rs. 700	

They have executed a document binding themselves, their heirs, executors, administrators or assignees not to demand at any time without the consent of Government the whole or any portion of the principal deposited by them.

3. The founders have endowed the temple with Inam lands to the extent of 20 acres and 7 guntas assessed at Rs. 64—8—0 subject to the payment of quit-rent, &c., amounting to Rs. 12—11—6 as per accompanying Kanarese list marked A for the performance of service therein, and have provided the Chattram with the vessels required for the same.

4. The said Bairappa and his brothers pray that the Chattram and temple with all their endowments may be taken over by Government for management and the charities founded by them perpetuated and the objects thereof fulfilled for ever. They say that they, during their life-time, and any competent heirs after them, would be willing to supervise under the orders of Government the business connected with these Institutions, but, if it be considered inconvenient or undesirable to permit them to do so, they are prepared to make over charge of the Institutions unconditionally to Government.

5. The applicants request that the Chattram built by them which in its present state is valued by the Amildar at Rs. 4,500 may kindly be endowed with Jodi lands with a Beriz of Rs. 90 under the Rules published in Appendix G to the Mysore Land Revenue Rules, and the income thereof minus the Jodi, &c. annually payable to Government may be appropriated for the upkeep of the building and for the repair and any replacement of the vessels belonging to the Chattram.

6. The applicants are old and respectable Raiyats and the public and the charitable spirit they have evinced in coming forward with such liberal grants for purposes of public utility being commendable and deserving of encouragement. I beg to request that you will be good enough to obtain the sanction of Government to their prayer being complied with in its entirety.

7. On receipt of sanction to the proposals specified above, I shall submit through the Chief Secretary the necessary alienation statement for the grant of Jodi land for the maintenance of the Chattram under allusion.

8. The original Vernacular records bearing on the subject as per accompanying Fehrist are herewith submitted for reference and obliging return when no longer required.

ORDER THEREON.—Under the circumstances set forth in the above, the Government are pleased to sanction the deposit in the Government Treasury of the sum of Rs. 14,000 by Bairappa, Patel of Konepalli, Chintamani Taluk, and his two brothers Ramanna and Irappa, and the half-yearly payment of interest thereon at 5 per cent per annum, in view of the charitable objects of the donors.

The following letter No. 37, dated 8th March 1893, from the Deputy Commissioner, Kadur District :—

In submitting herewith the records ending with the Muzarayi Assistant Commissioner's Yadi No. 414, dated 5th February 1893, with the English Memo, I have the honor to state that in May 1892, Puttusami and others complained that the affairs of the Bisagni Matt in the Chikmagalur Taluk were not being properly managed.

2. The Matt has extensive Inam lands of 1,107 acres and 13 guntas assessed at Rs 1,269-4-0. The present surplus from these lands is Rs. 429—0—3, details being given in the margin. These lands are under the management of the Taluk Amildar, *vide* Government Proceedings No. 710-11—7, dated 28th April 1884.

3. The Guru of the Matt died on the 6th April 1892. As regards the next successor to the deceased Guru, his elder brother Puttusami has come forward to say that his own son a year old, was, while the late Guru was dying, destined by him to take his place, that he (the late Guru) gave the child what is called "Sickha" and "Sara" and that the office of the Guru to this Matt has been hereditary in his family. He produces copy of a geneological tree, according to which it appears that the last five Gurus of the Matt have been members of his family. A petition, dated 5th May last, has been received, purporting to be signed by a large number of persons in Chikmagalur and Kadur Taluks in support of the claim of the above named Puttusami's child to succeed to the place of the late Guru. As the alleged successor is only a year old, the office may be considered to have been virtually vacant since April last. If the disciples unanimously require this infant as the late Guru's successor, no recommendation for his confirmation can be made till he attains his majority and then found competent to discharge his duties efficiently in accordance with the Government Proceedings No. 233-42—Muz. F. 102-92, dated 4th December 1892.

Until the appointment of a successor receives the gracious sanction of His Highness the Maharaja, I beg to recommend that the management of the Matt be placed under the Taluk Amildar, who will carefully manage it and pay annually out of the income thereof only such portion as may be absolutely necessary for conducting the usual worship in the Matt and pay the balance to the creditors, until the debt of Rs. 1,329—2—3 is liquidated as per patti given before the Amildar of Chikmagalur, by the agent of the last Guru.

The Amildar may manage the affairs of the Matt with the help of a committee consisting of the following influential persons who are large land-holders in the Taluk :—

1. Haluvati Annegauda, Patel.
2. Annegauda *bin* Rudregauda, Patel of Kolagave.
3. Kuppanna Setti.
4. Donikanada Ajjegauda.
5. Pandaravalli Viregauda.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Muzarayi),—dated 25th April 1893.

The management of the Matt by the Taluk Amildar with the help of a committee will give satisfaction to all parties concerned.

No. 717—Muz. F. 155-92, dated, Bangalore, 25th April 1893.

Order thereon.—The Guru-elect of the Bisagni Matt in the Chikmagalur Taluk, being now a minor, his nomination will be recognized on his attaining his majority. Efficient arrangements should be made to give him a good education so as to qualify him for the sacred position he is to hold.

2. Meanwhile, the Matt and its endowments will as recommended by the Deputy Commissioner be placed under the management of the Taluk Amildar, who will administer the estate aided by the committee composed of the members noted in the margin.

1. Haluvati Annegauda, Patel.
2. Annegauda *bin* Rudregauda, Patel of Kolagave.
3. Kuppanna Setti.
4. Donikanada Ajjegauda.
5. Pandaravalli Viregada.

EDUCATION.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Educational),—dated 7th April 1893.

C. No. 195, DATED 7TH APRIL 1893.

ORDER.—With a view to improve the teaching in Agriculture and Hygiene in the Vernacular Schools of the Province, Government has been pleased to sanction the formation of normal classes in the High School or College of every District during the coming hot weather vacation. At the Lower Secondary Examination failures in the subjects of Agriculture and Hygiene have been the most numerous ever since the institution of the examination. In the absence of a supply of trained teachers for the Vernacular Middle Schools it is thought that if the teachers of the middle departments of large Vernacular Schools go through a course of instruction in the two most difficult subjects that they have to teach, their efficiency would greatly improve. Competent lecturers will be temporarily engaged for a course of lectures in each subject which will be regulated by text-books and a syllabus. Government sanctions an honorarium equivalent in amount to the pay of each lecturer if he be in Government employ for the six weeks commencing from the 21st April and ending on the 31st May 1893, provided that it shall not exceed Rs. 100 in any case. The maximum provision sanctioned for the eight Districts is Rs. 1,600 to be paid from the savings of the State Funds Budget for Education.

2. The Deputy Inspectors will select the masters in their Districts whom they consider to be able to profit by the instruction and direct them to assemble at the head-quarters of their District before the 21st April. The teachers selected by the Deputy Inspectors to attend the lectures shall be considered to travel on duty to and from the District Head-quarters and draw mileage at the rate of 2 annas per mile. While at Head-quarters they shall not draw any batta but shall receive their usual pay.

3. The above provision of Rs. 1,600 does not include the travelling allowances of the schoolmasters, but shall include the travelling allowances, if any, of the lecturers, the cost of reference or other books supplied to them, the cost of making experiments or demonstrations, the cost of stationery, and other incidental expenses of the normal classes that may be passed by the Education Secretary.

ORDER THEREON.—The management of the Madresa Muffidin-i-niswan has not been satisfactory for some time. There is great need of a well managed school for Muhammadan Girls in Bangalore. The Deputy Inspector of Schools and his Asisst-

ant recommend that the grant of Rs. 30 in aid of the Madresa Muffidin-i-niswan may be withdrawn, and the amount utilized for the establishment of a Government School for Muhammadan Girls. The Madresa shall be converted into a Government Institution with effect from the 1st April 1893, the present cost of establishment being limited to Rs. 30. The school shall be placed under the general supervision of a Committee formed chiefly of Muhammadan gentlemen, who will manage the affairs of the institution under the Rules notified on the 25th March 1891.
